

April 2, 2013

Dear sisters and brothers in Christ,

This next move of God which was initiated during Passover 2013 will not be just a prayer movement. It will also be for the restructuring of this nation for God's purposes and glory to be reestablished and prevail. See God's Strategic Plan for restructuring this nation listed on my website at [www.angeloffaith777.com](http://www.angeloffaith777.com). We cannot afford to look to our elected officials or spiritual leaders any longer to help stop the tyranny seeking to consume us any longer. It is up to God's faithful remnant and "We the People" to wake up, arise, and "do" what God has called us to do for a time such as this. Seek God and ask Him what YOU can do for His purposes and glory to prevail. The shoe is about to drop on our nation and time is of the essence, for we are entering into uncharted territory!

Therefore, in this hour we must put our faith into action and stop the enemy from establishing his agenda to erode America's sovereignty. America's sovereignty is the only thing standing in the way of them establishing their One World Order/New World Order/Revived Roman Empire/Antichrist Kingdom. The enemy is purposely targeting the next generation--our children, by their attempt to indoctrinate and control our children via their educational curriculum. One of the many ploys the enemy is using to achieve their agenda for a One World Order/New World Order/Revived Roman Empire/Antichrist Kingdom is Common Core a UN initiative housed under the umbrella of AGENDA 21. This initiative is being implemented in every state across America, so for the sake of our children, please investigate immediately what is happening in the state you currently live in. I have provided many links and information in this email below the Florida call to action to help you do just that!

## **For those of us in the state of Florida:**

**Fact:** Legislation is rapidly being pushed through the House and Senate in Florida. In fact, some of the notices to push these bills forward were sneaked in late this Friday and Saturday. This is likely a direct attempt to catch us sleeping in order to pass these harmful bills that threaten our children. We must defeat Common Core through Divine providence and a strategic counter-offensive.

## **Action Steps:**

Please click on this link, <http://theteapartynetwork.org/wp-content/uploads/2013/04/Chriss-Common-Core-040113.pdf> it will take you to a page where you can read about what is happening with Common Core in the State of Florida.

Please follow the instructions in this document and contact your legislatures.

If you can attend the Florida Association of Schools meeting in Ocala, please do so (See info below). We need to pack out the meeting with people objecting to Common Core in Florida.

Call your state Governor, your state representatives and state Senators today and demand that they stop implementing Common Core.

Educate yourselves on Common Core (see information and access links I have provided at the end of this email.)

Share this information with all your contacts, friends, family, coworkers, groups and members of your congregations. This is not being reported via the main stream media!

Use this website to find your elected officials for your state.

Common Core was hidden in RACE TO THE TOP which was hidden in the Stimulus Bill. Governors and legislators had no knowledge of content or cost.

Crony capitalism at its worst where America students have become guinea pigs in our nation's largest education fad called Common Core.

State, Parent and School Board will have no input in your child's curriculum; you will be forced to take what the Feds gives, regardless of school or location.

Common Core has never been tried tested or piloted yet it is force it on our children.

Common Core will replace Family with School, God with Government and the US with the UN.

Common Core is all about the money and power, You pay with your child's future.

In Common Core everyone must learn the same, Your child will have NO choices.

The National Data Base will force your child to report private, health and financial information on themselves and their family through continuing assessments and surveys.

### **Teachers!!!! Technology will replace you. Stop Common Core**

Please make your signs and gather;

Palm Beach County, Indian River, Port St Lucie, Broward, etc. Get your groups to come with signs to let them know that you are opposed to Common Core. Meeting starts at 9:30 AM on Tuesday April 2nd. Blountstown: Karen Schoen 954-864-0530

### **DID YOU KNOW THAT:**

- **Governor** (Crist) agreed to CC before the standards were written?
- Common Core is NOT state-led?
- Schools must adhere to the program word for word, with the ability to ADD only a small amount of content—but that additional content will not be on the exam?
- If you do not like what is being taught, neither you nor any official in the state of Florida will have any power to change it or have anyone to call?
- No one really knows how much CC will cost in the future?
- The estimated extremely high cost of CC will rest on the backs of the taxpayers?
- CC will require massive upgrades in computer equipment and upgrades to current bandwidth?
- Even though the federal government said the program was voluntary, Florida has to adopt CC to be eligible for Race To The Top and President Obama has said he wants to tie federal Title 1 funding to adoption of CC?
- CC is advertised in the RTTT grant as internationally benchmarked which follows UNESCO?
- CC math teaches an experimental geometry method created by a Soviet mathematician, in the 1950's, that was abandoned in K-12 because it failed?
- the federal government requires the state to maintain a database on every child from Pre-K to workforce and encouraged collection of over 400 data points to

track everything about your child AND his/her family?

- The federal government by law is not allowed to maintain a national database?
- They are evading this law by requiring the state to collect the data and then to forward it to the federal government to be used by other agencies and private foundations?
- A world renowned math expert who worked on CC stated that CC fails to meet the stated goal of improved US 12 mathematic achievement?
- Dr. Milgram of Stanford University, the only mathematician on CC validation team, refused to sign off on the math standards?
- A child could answer a math question correctly but be marked wrong because he did not use the CC-prescribed method for getting to the correct answer?
- Our children may graduate reading at a 7th grade level and according to Dr. Milgram, by 8th grade, will be two years behind other countries in math skills?
- Dr. Stotsky (member of CC validation team) considers CC ELA and reading standards as simply empty skill sets?
- At least in grades 12 English teachers would be required to spend at least 50% of their time on nonfiction and informational texts such as US political documents, court decisions and scientific and technical manuals?
- English teachers would need to be retrained in order to teach children how to read technical manuals instead of works of literature?
- American Exceptionalism is no longer taught? America before 1865 is no longer taught in HS. propaganda and erroneous information about America is found in lessons?
- Cursive writing has been eliminated?
- Although CC claims to prepare all children for college, the college they talk about is a non-selective community college, not a year university?
- Children could be required to select a career path as early as middle school or even elementary school?
- A radical professor who has been a colleague of, and is a favorite of, anti-capitalist terrorist Bill Ayers is directing the creation of one set of CC tests?
- The Bill and Melinda Gates Foundation is a major funder? See why this is a legitimate concern at the end of this email
- What do they know about education? They sure know how to sell computers, although Bill Gates Microsoft and many other companies are bound to benefit handsomely from the implementation of CC?
- SAT testing is being structured to conform to CC? This would mean the homeschoolers, private school and charter schools will have to conform to CC as well. Children as young as kindergarten will eventually participate in the evaluation of a teacher's performance?
- The testing costs under CC may be **triple what Florida is currently incurring?**

# For those of us of who live in every state across America...

We **must** educate ourselves about Common Source Access and **stop** President Obama's new initiative to overhaul public education from kindergarten through high school. This is another Agenda 21 driven initiative, like *Race to the Top*, in order to intentionally dumb down and indoctrinate our children. This initiative will impact charter schools, private schools which are accredited, and even parents who choose to home school their children.

## **Common Core Assessments**

As part of the Race to the Top program, the U.S. Department of Education awarded a total of \$330 million in September 2010 that will strengthen the hold that the federal government and special interests have on K-12 curriculum content, increase the frequency of standardized tests, diminish the importance of traditional classroom tests, and further marginalize the role of parents and teachers. This assessment program:

- Has the stated goals of:
- Developing new standardized tests aligned with the Common Core Standards

- Testing students annually from third grade through high school
- Providing “ongoing feedback to teachers during the course of the school year” as well as measure annual student growth.
- Provided federal grants to:
- [Partnership for Assessment of Readiness for College and Careers](#) (PARCC) for \$170 million
- PARCC consists of the District of Columbia plus 25 states that include AL, AR, AZ, CA, CO, DE, FL, GA, IL, IN, KY, LA, MA, MD, MS, ND, NH, NJ, NY, OH, OK, PA, RI, SC and TN
- According to the Department of Education, PARCC will “replace the one end-of-year high stakes accountability test **with a series of assessments throughout the year** that will be averaged into one score for accountability purposes” (emphasis added)
- [SMARTER Balanced Assessment Consortium](#) (SBAC) for \$160 million
- SBAC consists of 31 states that include AL, CO, CT, DE, GA, HI, IA, ID, KS, KY, ME, MI, MO, MT, NC, ND, NH, NJ, NM, NV, OH, OK, OR, PA, SC, SD, UT, VT, WA, WI, and WV
- SBAC will test students using computer adaptive technology that will ask students tailored questions based on their previous answers.
- SBAC “will continue to use one test at the end of the year for accountability purposes,” but will also create a series of interim tests used to inform students, parents, and teachers about whether students are on track.
- Included twelve states that participated in both consortia: AL, CO, DE, GA, KY, ND, NH, NJ, OH, OK, PA, and SC
- Did not have any participation from six states (Alaska, Minnesota, Nebraska, Texas, Virginia, and Wyoming) plus American Samoa, Guam, Northern Mariana Islands, Puerto Rico, U.S. Virgin Islands participated in neither consortium
- Is scheduled for implementation by the 2014-15 school year.
- Will, as noted above, include annual multiple administration of standardized tests to students that, as the Department of Education notes, “**could replace already existing tests, such as interim assessments that are in common use in many classrooms today**” (emphasis added)

**"As Matthew Vadum writes, "The liberal billionaire-turned-philanthropist has been buying up media properties for years in order to drive home his message to the American public that they are too materialistic, too wasteful, too selfish, and too stupid to decide for themselves how to run their own lives."**

**Richard Poe writes, "Soros' private philanthropy, totaling nearly \$5 billion, continues undermining America's traditional Western values. His giving has provided funding of abortion rights, atheism, drug legalization, sex education, euthanasia, feminism, gun control, globalization, mass immigration, gay marriage and other radical experiments in social engineering."**

**"Some of the many NGOs (Non-Government Organizations) that Soros funds with his billions are: MoveOn.org, the Apollo Alliance, Media Matters for America, the Tides Foundation, the ACLU, ACORN, PDIA (Project on Death In America), La Raza, and many more. For a more complete list, with brief descriptions of the NGOs, go to DiscoverTheNetworks.org."**

**Poe continues, "Through his global web of Open Society Institutes and Open Society Foundations, Soros has spent 25 years recruiting, training, indoctrinating and installing a network of loyal operatives in 50 countries, placing them in positions of influence and power in media, government, finance and academia."**

That's heading up to about nine billion.
