

Some Strategies of How We Can Begin to Build The Infrastructure Needed In the State of Florida For God's Kingdom Purposes To Rule And Reign in All Seven Mountains to Enact Awakening and Reformation

- ✚ We need to **IDENTIFY** all like-minded **Christian** groups and key people in the *body of Christ* who will share the vision that we come up with in order to notify, mobilize and activate the *body of Christ* and the grassroots organizations based on the strategies that we receive from the Lord in prayer.
- ✚ Then we need to see if they are willing to work in tandem with one another in an organized, focused fashion for God's kingdom purposes to be established in the state of Florida by invoking both prayer and action.
- ✚ We need to **IDENTIFY** the “*key*” **ISSUES** that we need to deal with on a local, state, and national level.
- ✚ We need to **IDENTIFY** which mountain these “*key*” **ISSUES** fall under in the seven mountains in order to form coalitions on a state-wide basis which I will cover later on in this document.
- ✚ We need to **IDENTIFY** the different grassroots groups/organizations/ministries that devote their time to address these various issues and rely on their expertise to know when to activate the prayer activists on a state and local level.
- ✚ We need to **IDENTIFY** the various organizations/ministries on a national, state, and local level that issue prayer alerts. I have begun to list some of these organizations/ministries in a spreadsheet which will continue to be a work in progress.
- ✚ We need to **IDENTIFY** all the different prayer networks and houses of prayer in the state of Florida and work in tandem with each other to ensure that we have the state of Florida covered in all 67 counties. We have more than enough prayer warriors, if the leaders of these various prayer movements in the state of Florida are willing to answer the call to unite for God's kingdom purposes to prevail for the purpose of not only praying, but to activate the *body of Christ* to take clear decisive action when we send out these prayer/action/FYI alerts.
- ✚ We need to **IDENTIFY** what types of prayer/action/FYI alerts are to be sent out on a state wide level versus a regional or local level for the state of Florida.
- ✚ We need to quickly **IDENTIFY** the urgency of a prayer/action alert and come up with different codes such as CODE RED, etc. which will infer that immediate action is required.

- ✚ We need to formulate Rapid Response Teams (RRT) in order to quickly engage prayer activists on a state level concerning upcoming legislation in Tallahassee **BEFORE** it is presented in the House or Senate and we must keep interceding until they vote on it and Governor Scott signs it as law. This will require us to work closely with certain individuals/ministries/organizations who keep up with pending legislation based on the desires of special interest groups.
- ✚ We need to formulate Rapid Response Teams (RRT) in order to quickly engage prayer activists on a local level for last minute School Board meetings, City Council meetings, County Commissioner meetings, etc. Therefore, going forward it is absolutely critical that we work closely with certain individuals/ministries/organizations who keep up with pending legislation impacting their particular county based on the desires of special interest groups.
- ✚ We need to set up cell phone text notifications to be sent out in lieu of email alerts for emergency situations in order to notify, activate and mobilize the Rapid Response Teams (RRT) in a timely manner at the last minute. Oftentimes legislators will attempt to move something through in a hurry, without much notice, and by the time we are notified, it is already too late to take action. In addition, most people do not see or read their email in a timely fashion and by the time they do, it is too late to mobilize and activate for these types of scenarios. The bottom line is we must move from being in a reactive (defensive mode) in order to be proactive and take an offensive stance in order to be God's voice, feet, and hands in the governmental mountain. In other words, we need to become "the" premier "special interest group!"
- ✚ We need to **IDENTIFY** these cell phone text notifications lists to include different distribution lists based on statewide notification, activation and mobilization of Rapid Response Teams (RRT) versus those on a regional or local level.
- ✚ We must have some kind of leadership structure in place at the state level, regional level, and local level for the state of Florida for the purpose of notifying, activating, and mobilizing the *body of Christ* and the grassroots organizations in the state of Florida.
- ✚ We must **IDENTITY** all ministries and organizations that are already working on all these different issues which must be addressed in the state of Florida and the nation. We do not have time to reinvent the wheel.
- ✚ We must have some kind of leadership structure in place at the state level, regional level, and local level for the state of Florida for the purpose of forming coalitions on a state-wide basis for all the issues that must be dealt with in all seven different mountains of our culture.

- ✚ Once these leadership structures have been **IDENTIFIED** and **ESTABLISHED** at the state level, regional level, and local level for all 67 counties in the state of Florida then these state leaders will work with regional leaders who will then propagate the Action/Prayer/FYI alerts to the various leaders on a **county** basis on an “*as needed*” basis. Then these leaders at the county level will then send these Action/Prayer/FYI alerts to their group members for action while telling them to send these Action/Prayer/FYI alerts out to their contacts and post the on social media sites such as *Facebook* too. This way we are harnessing the law of multiplication and we will reach more prayer activists in a focused, organized manner.

- ✚ We need to plug in prayer activists from the different grassroots groups/organizations/ministries to focus their attention on what they are most passionate about in order to deal with those issues we must deal with that are eroding our *sovereignty* as a nation and our God given freedoms based on a statewide and local effort. This is one of the things that *City Plan* is currently seeking to do.

- ✚ We need to build a state wide team and infrastructure to network the networks from the different grassroots groups/organizations/ministries.

- ✚ We need to build a local team and infrastructure to network the networks on a county level or regional level. This is one of the things that *City Plan* is currently seeking to do.

- ✚ We need to consolidate all Action/Prayer/FYI alerts into one newsletter and decide how often to send it out because there is too much information coming in from too many different sources/groups.

- ✚ We need to send out Action/Prayer/FYI alerts with complete information such as...
 1. Corresponding number of the Bill
 2. Name of the Bill
 3. What they are attempting to pass and why? Including a brief synopsis of why we do not want it to pass or why we want it to pass.
 4. Corresponding links to quickly take action and send an automatic email to the appropriate legislators with all the pertinent information would be ideal. If not, then all the items under #5 must be provided. We also need to implement a way to keep track of who and how many people actually take action on these Action/Prayer/FYI alerts like the Southwest Florida Coalition has done. With technology this could easily be automated as a feature when people respond to links for various Action/Prayer/FYI alerts. Especially if we drive them to one united website for the state of Florida!
 5. The contact information of who we need to bombard with emails and calls, etc. To include:

- a. Their name
 - b. Email address
 - c. Phone number
 - d. And the date we must take action by
6. Follow up on what transpired and if we were successful in our efforts.*** Obtaining measurable results is extremely important for we need a method of measuring if contacting our elected officials is working. If not, we need to find a more effective strategy—like showing up at their offices on a regular basis.
- ✚ We need a **dedicated** team to pray for upcoming legislation being considered long before it gets voted on by our elected leaders.
 - ✚ We need a **dedicated** team to pray for leaders spearheading these different initiatives.
 - ✚ We need a **dedicated** intercessory team to pray for our elected leaders on a county by county basis and also a state wide basis.
 - ✚ We need a **dedicated** team to follow up on these legislative issues to see how our elected officials actually voted. We need to hold their feet to the fire and NO longer accept compromise.
 - ✚ We need to have a **dedicated** intercessory team for every county in the state of Florida that will pray for each elected official on the School Board, City Council, County Commission, Mayor, etc. Also, they will need to be activated as a Rapid Response Team (RRT) concerning upcoming legislation or issues for their particular county in order to intercede, take authority, make kingly decrees and declarations at the actual meetings (in silence of course)!
 - ✚ We need a **dedicated** team to pray for those *statesmen* that God has raise up for a time such as this to run for public office. As such, we will need to work closely with the Florida Renewal Project in order to **identify** those Godly leaders that are running for public office in our state.
 - ✚ We will need a **dedicated** individual, with a designated backup person, whose gifting is in administration, that is willing to collate **ALL** the different Action/Prayer/FYI alerts on a weekly basis to be sent out to all the various networks for the purpose of notifying, activating, and mobilizing the *body of Christ* and prayer activists in the grassroots organizations in the state of Florida. During the legislative session they will need to be sent out weekly!
 - ✚ We must begin to engage all the activists in the *body of Christ* and the grassroots groups to take clear decisive action on all these issues while engaging leaders in the prayer movement simultaneously.

- ✚ We must begin to network with other leaders in the *body of Christ* and the grassroots groups in the state of Florida so that all individuals already strategically placed within the ministries and grassroots groups can become actively engaged in this spiritual battle to fight for our faith and freedom in the state of Florida. Many people want to take action but are at a loss of what to do. Therefore, they are looking for leadership to take the lead and tell them what must be done.

Therefore, I highly recommend we get a map of the state of Florida and start networking all the networks to ensure full intercessory coverage in every county in the state with teams of activists ready to go at a moment's notice. I believe Judy is already working on this with Awakening Florida and I am quite sure the Florida Renewal Project, the Black Robe Regiment at the national level, and Faith and Freedom Coalition is already doing this. And, if all these different organizations are not already doing this we need to get this done.

What Issues Must Be Addressed?

ELECTION PROCESS NEEDS TO BE REVAMPED!

- Allegiance to both the Democratic Party and the Republican Party must be thrown out the window, because both parties are corrupt beyond measure! Rather we need to support candidates who are principled, conservative candidates with **demonstrated** integrity who will protect, defend, and uphold our U.S. Constitution! Again, the Florida Renewal Project and the Black Robe Regiment is raising up Christian statesmen who will run for public office for a time such as this. The Statesman Group on a national level may be doing this as well.
- Voter Fraud must be addressed!
- Neighborhood Project- Liberty Empowerment Institute

FISCAL POLICIES

- Agenda 21 policies
- Budget and Spending
- Job Creation
 - Agriculture in Florida rather than just tourism
- Card Check and Worker Freedom
- Energy and Environment
- Health Care Reform
- Red Tape, Hidden Taxes, and Regulation
- Social Security and Entitlement Reform
- Tax Reform

HOMELAND SECURITY ISSUES

- Radical Islam
- TSA (Transportation Security Administration) – They will be given power and authority they were never intended to have.
- Persecution of Christians, ministries and grassroots organizations*

*The first concern that Nehemiah had was to rebuild the walls of Jerusalem. Those that had returned to Jerusalem had no way to defend themselves. While the weapons of our warfare are not carnal, we also have to form strategic alliances with local Law Enforcement who will protect, uphold and defend our constitution. As such, we must support Sherriff's Mack Constitutional Sherriff Posse's initiative with both prayer and action. Our sheriffs' are our last line of defense against the police state currently underway!

IMMIGRATION REFORM

- Amnesty
- Securing our borders

INDOCTRINATION OF OUR CHILDREN IN THE PUBLIC SCHOOL SYSTEM

- Common Core
- School Choice
- Green Agenda
- Redistribution of Wealth Agenda
- Textbooks Review
- American History has been rewritten
- Pro-homosexual Agenda
- Race to the Top (Agenda 21)
- Radical Islam

RELIGIOUS FREEDOM

- Education Platform included but not limited to:
- Agenda 21 initiatives
- America's Spiritual Heritage
- Homosexual Agenda
- Tax Exempt Status of Churches and grassroots organizations
- IRS targeting ministries and grassroots groups
- Persecution of Christians with regards to hate speech and other more serious matters.

SANCTITY OF LIFE ISSUES

- Abortion
- Morning after pill
- Euthanasia

SEX TRADE INDUSTRY

- Human Trafficking
- Child Abduction
- Internet Safety

TRADITIONAL FAMILY ISSUES

- Homosexual Agenda
- Same-sex marriage

This list is **not** a comprehensive list by any means and we may have to identify and focus on those issues we find to be the most urgent for the state of Florida in the beginning. Yet, we can and we must address **all** the issues seeking to erode our freedoms and sovereignty, by changing our strategy of how we are going about doing it.

In my role as a leader in the grassroots and ministry organizations, I have been seeking the Lord about this for a long time as all of you have too. One suggestion based upon what the Lord placed upon my heart is that we can address **all** these issues by forming coalitions and strategic alliances for each **major** issue which must be addressed by invoking both prayer and action in an organized, focused fashion. These are **some** of the issues which must be addressed on a state and local level in order to establish God's kingdom in the state of Florida which will result in awakening and reformation sweeping across every state in America.

Again, if we only focus on the social issues, then what happens when we lose our sovereignty as a state and a nation as we are now witnessing and experiencing at this time? We lose our religious freedoms—so much so that now we have to try to get legislation passed in the state of Florida to protect our ministries from being sued!

Also, it is important that as we move forward that these coalitions and strategic alliances are **not** to be used for pushing our individual mandates even though our individual mandates are for God's Kingdom. Rather, these coalitions and strategic alliances with only **Christian** organizations are to establish God's kingdom on a statewide and local level for the state of Florida as we work together in tandem with one another.

As such, it is my "*opinion*" that we must go forward with this mandate to notify, mobilize and activate the *body of Christ* and grassroots organizations in the state of Florida **NOT** using the name of ANY particular ministry that is involved in this endeavor. Rather, we must come up with a NEW name for this mandate and harness the synergy of all the different ministries/organizations working together that will achieve much more ABUNDANT "*fruit*" for God's Kingdom purposes to prevail, then our individual ministries could ever achieve on our own. This is what God is looking for!

Moreover, we will also want to include the grassroots organizations in this mandate as well. Why do we want to include the grassroots organizations too? Because there are a lot of Christians in the grassroots organizations

that are just waiting to take action! Yet, their pastors are not rallying them to take action in anything other than the vision of that particular congregation. This is why they are involved in the grassroots organizations! They know we need to do something to make a difference for our nation before it is too late.

Do you know that FreedomWorks, only one of hundreds of grassroots organizations, has over 300 grassroots **GROUPS** alone for the state of Florida which is **not** being actively engaged on a regular basis to take action except on very select issues they are spearheading? And, each group can have at least 100 grassroots activists at a minimum!

In addition, we have a church on every corner and hundreds of grassroots groups in each county, in the state of Florida alone. Yet most believers who attend these churches and grassroots groups is still doing their own thing and **not** working together in a unity of purpose and only acting under the directives of the particular group they are affiliated with.

Therefore, we must harness the law of multiplication and expand our reach outside those who are under a particular group's organization and marching orders if we expect to reach the masses. Also, this will help rectify some of the current obstacles preventing us from being a focused, organized army in the state of Florida..

NOTE: THE STATE LEVEL PLAN SHOULD BE MODELED AFTER THE STATE LEGISLATIVE DISTRICT LEVEL TO DEAL EFFICIENTLY AND EFFECTIVELY WITH THE FOLLOWING ISSUES:

- **Nation level issues (While, we must pray and take action on national issues, we will NOT turn the tide for this nation at the national level)**
- **State Level Issues**
- **County level issues**

In addition, a “war room” type scenario is to be set up on a county or regional basis for the state of Florida on a monthly basis by all strategic alliances pooling their expertise and resources to work together in tandem with one another on a local level. Communication with all strategic partners/coalitions involved for the state of Florida is vital as we do not want to reinvent the wheel and we must strengthen what is already in place. Initially we could have a monthly conference call with all state and regional leaders as we progress. But first we must identify who they are and see if they are willing to join forces for God's kingdom agenda.

Once we identify who they are and find out if they are willing to work together for God's kingdom agenda for the state of Florida, as we meet monthly the leaders for each COALITION are to come up with an action plan and set the plan in motion by issuing directives to the “key” leaders of the various groups within their region for the purpose of invoking both prayer and action in an organized, focused fashion on a local level.

These leaders will oversee and assume accountability for the implementation of the action plan on a county by county basis for the state of Florida.

Proposed State-wide Coalitions based on ALL the Issues Which Must Be Addressed:

Following are **some** of the **Proposed Coalitions** which need to be created on a **state level** in order to deal with **all** the issues eroding our God given freedoms and our nation's sovereignty. I am sure we can think of more to add to this list. We need to identify and fill in those leaders/groups which are all working on the **same core** issues for each coalition on a state and national level. In addition, these different coalitions will be working in tandem with each other on various issues.

Again, we do not have time to reinvent the wheel when God has already raised up many different organizations/ministries dealing with the same issues and they are already in place. They just need to be willing to work with each other for a cause greater than their individual ministry could ever achieve by itself.

1. **Constitutional Coalition:** To protect, defend, and uphold our US Constitution and state Constitutions. **Article V to restore our state sovereignty** and repeal all the unconstitutional laws such as NDAA, Patriot Act, Obama Care and overturn Roe Vs. Wade too. Michael Farris with Convention of States and Charles Kacprowicz with Citizen's Initiatives should work together to pool resources and expertise and form one coalition with the Tenth Amendment Center for the state of Florida. I know Charles personally and know for a fact that he is willing to work with whomever on this initiative to make it a reality. And, I know on a personal basis the state director with the Convention of States as well and she is a mighty woman of God! We need to facilitate a marrying of all these different groups. In addition, we need to incorporate the 10th Amendment Center in every state under this umbrella too. And, bring together the experts concerning the constitution such as KrisAnne Hall and others as well. **This is one of the seven keys the Lord gave me in His Strategic plan which must happen if we are to be successful in turning the tide for our nation before I knew about these two groups and Mark Levin came out with his book.**
2. **Education Coalition** - This coalition will not only seek to stop the current indoctrination of our children through their curriculum in the state of Florida, it will also come up with viable, cost effective alternatives to the public school system as well. Also, they are to work with the legislators to revise the tax structure making private schools and charter school monies available whether thru tax deductions or rebates. This coalition should deal with the following issues: school choice, Common Core, Textbook Review, American History rewritten, pro-homosexual agenda, and all the Agenda 21 initiatives by the UN.

3. **Election Coalition:** True to Vote, Neighborhood Project, Voter's registration organizations, precinct watchdogs, voter's guides, etc. To include supporting those candidates with **demonstrated** integrity who have been vetted to be constitutionally sound candidates who will protect, defend, and uphold our constitution.
4. **Family Values Coalition:** Faith & Freedom Coalition Focus on the Family, Florida Family Policy Council, Family Research Council. This coalition will focus on these issues which are eroding the sanctity of the family as God intended and established such as the homosexual agenda, same-sex marriage, divorce within the church, single parent households, etc. I visualize this coalition working closely with both the grassroots coalition and the salt and light coalition to equip the saints to apply the word of God in every sector of their lives and in every mountain in our society.
5. **Grassroots Coalition:** I visualize this coalition plugging its members into the various state-wide coalitions based on the passion of each member of their group. The grassroots coalitions will work closely with all the various state wide coalitions by appointing at least two key people from each group to be the liaison amongst all the state wide coalitions in order to bring back a high level overview to their groups on a monthly basis for the purpose of taking clear decisive action on all the issues in the state of Florida issued by each coalitions leaders.
6. **Homeland Security Coalition:** To secure the threat of the citizens with regards to radical Islam, open borders, TSA abuse of power, constitutional rights being stripped away such as the 2nd amendment, Real id, etc. Also, to help prepare the citizens to be ready in the event of a natural or manufactured emergency situation which results in martial law being enacted.
7. **Legal Counsel Coalition:** As the persecution of Christians and opposition gets more aggressive, we are really going to need this one to include Liberty Counsel, Thomas More Law Center, and the American Center for Law and Justice (ACLJ) to name a few. This coalition of leading law firms will continue to fight the valiant battle to safeguard our freedoms in America. Moreover, they will help safeguard Christians and patriot's legal rights as persecution and opposition from those in authority increases. Also, will help assist with cases of incarceration due to unwarranted arrests and persecution (benevolence fund).
8. **Legislative Coalition:** Watchdogs for upcoming legislative issues in the state of Florida in the best interest of "*We the People*" and standing on our Judeo-Christian Values. This coalition will work closely with all the state wide coalitions to take clear decisive action in a focused organized manner.

9. **Fiscal Policies Coalition:** To deal with fiscal policies for the state of Florida such as Agenda 21 policies, balanced budget and curbing spending, job creation (agriculture) card check and worker freedom, energy and environment, health care reform, red tape, hidden taxes, regulation, social security and entitlement reform, tax reform.
10. **Media Coalition:** This coalition is a must have in order to share the truth of what is going on in the state of Florida and the nation with those who rely on the mainstream media. They will work closely with all the state wide coalitions.

As you all know, the Media and the Arts & Entertainment Mountain is the #1 source for perpetuating the spiritual, moral, and ethical decay in our nation. Therefore, it is ABSOLUTELY critical we infiltrate and take dominion in these mountains. As we establish a network of prayer altars throughout our state in our homes, churches, the marketplace, businesses, etc, God's manifest presence will turn back the spiritual darkness of the enemy in all these mountains.

11. **Prayer Network Coalition:** American Prayer Initiative, Aglow, Awakening America, Faith & Freedom Coalition, Florida Faith Works, Forerunner Ministries, Heartland Apostolic Prayer Network, Houses of Prayer in each state, The Call, US Reformation Prayer Network, Watchmen Arise, and World Trumpet Mission. I have a more substantial list in the spreadsheet which we will add to as we progress forward with this mandate.

This coalition will join forces with one another to establish a network of prayer altars throughout the state in order to bring in God's manifest presence into our heart, our homes, our churches, and the marketplace for transforming sustainable revival to take place as we push back the spiritual darkness inhabiting our land.

Also, we need all these prayer warriors to lift up the leaders of these different initiatives in continuous prayer due to the spiritual warfare they are encountering and the action/legislative items we are trying to invoke for God's purposes to prevail once again.

In addition, we must pray for specific legislation being passed that is based on God's Kingdom and protecting, defending, and upholding the state and US constitution.

This could be easily accomplished by someone being in charge of issuing weekly prayer targets for all the coalitions and their leaders at a state level.

Moreover, we will have to have spiritual leaders to initiate reform like Nehemiah did because God's people would need *spiritual* food in order to finish their assignment to rebuild the broken down *SPIRITUAL* walls in our families, our churches, our cities, our states and our nation.

One of Nehemiah's mandates as God's change agent was to re-establish the *Law of the Covenant* based on the **proper** interpretation of His law. For God's people in America have definitely strayed away from the WHOLE counsel of God's Word, which has caused His people to go astray and rebel against Him!

Thus, in many cases we have broken COVENANT with God. As such, God is raising up *Repairers of the Breach* or “*reformers*” in order to lead His people back to the foundation of His Word for the purpose of reestablishing the *Law of the Covenant*. As such, in the case of Nehemiah, Ezra took on the responsibility to establish the law in the hearts of the people so they could keep out of sin and disobedience and come back to walking in a COVENANT relationship with God.

Therefore, we need “*reformers*” who will lead God’s people back to walking according to the WHOLE counsel of His Word in order to help stem the tide of apostasy in the *body of Christ*!

12. **Private Property Rights Coalition:** To include **Agenda 21** issues such as protection for our private property rights. Inform citizens, elected officials, business owners and the media of the historical, constitutional foundations of private property rights and the threats they face today. In addition, we advance property rights and we empower others to be effective property rights advocates in their communities.
13. **Salt & Light Coalition:** This coalition will include groups like City Plan, the Salt & Light Council and The Truth Project from Focus on the Family who are equipping all Christians to be the salt and light for Jesus Christ in all seven mountains or foundational pillars in our society no matter what our vocation happens to be. The seven mountains in our society we are to be the salt and light for are as follows:
 - a. Family
 - b. Religious
 - c. Education
 - d. Business
 - e. Arts & Entertainment
 - f. Media
 - g. Governmental
14. **Sanctity of Life Coalition:** (Sanctity of all life from the womb until the tomb!): to include all pro-life groups such as Florida Right to Life and Personhood Florida, etc. This coalition will actively seek to work together to stop abortion, including the use of the morning after pill, euthanasia, cloning, etc. They will work closely with all the statewide coalitions including invoking Article V and the nullification process to end abortion once and for all.

There are many groups fighting for prolife such as Family Policy Council, Family Research Council, Florida Right to Life, Bound 4 Life, Choose Life America, National Right to Life, Focus on the Family, Faith2Action, etc. Therefore, instead of forming a coalition with each other and pooling resources and expertise and together coming up with a clear decisive action plan, each group sends out requests for

action and asks for financial donations as well. Yet, if they would work in tandem with each other their reach for their agenda would be multiplied exponentially as they become a focused, organized force for the pro-life movement to stop abortion and overturn Roe v Wade once and for all!

Furthermore, we must trust and rely on the experts and leaders for each of these coalitions to let us know when, how, and what to take clear decisive action on in order to engage the prayer activists and change agents in the grassroots groups and prayer groups.

Also, after the coalitions are formed we need to organize the people and appoint a “*gatekeeper*” over each group to ensure they keep focused **only** on their task and yet “marry” the efforts of all the coalitions together for the purpose of the *body of Christ* taking clear and decisive action in all seven mountains for all issues! We can do this!

In addition, the Lord has given me a vision for one website for the state of Florida which has tabs for the separate coalitions for **all** the various issues which must be dealt with under “one umbrella” in the various grassroots and ministry organizations who are **willing** to work together as strategic partners. There will need to be a dedicated administrator of this website with a designated backup. And, with all the different strategic partnerships funding this endeavor the expense for this should not be a problem whatsoever!

Moreover, as you already know, once the spiritual darkness which is covering the land is dealt with, and the spiritual blindness is removed from the people, more and more individuals will finally be willing to be fully engaged in this spiritual battle for the hearts and souls of the people in this nation.

In the meanwhile, God wants us to build the infrastructure now to restructure this nation back to Him so that during the restoration phase of our nation, we can quickly plug people into these various coalitions to take clear decisive action on a local and state level.

Moreover, as all of you already know, every great awakening is always preceded by a great shaking first and as God releases His glory He will also be releasing His judgment. As such, when they come running to us looking for answers we can refer them to this website to be plugged into being laborers for God’s kingdom in the area they are most passionate about.

In addition, we must pray to the *Lord of the Harvest* to send more laborers into the vineyard because the harvest is ripe for harvesting but the laborers are few. At this time, many people are not desperate enough yet to answer the call! But they will be and we need to be ready!

Again, this website is for the purpose of taking clear decisive action only for the state of Florida and is not to be used for pushing each group’s individual mandates. Rather, it will be for us to collectively establish God’s kingdom mandate for Florida, His forerunner state for awakening and reformation to sweep across this nation!

And, I also visualize this website being used for the leaders of the various coalitions to update their Action/Prayer/FYI alerts on one page which will automatically collate **ALL** the Action/Prayer/FYI alerts from **ALL** the coalitions for the state of Florida to be sent out on a weekly basis that I was doing manually to everyone who has joined this website in the state of Florida. While the legislation session in Tallahassee is in session, a special legislative update will need to be done weekly.

One of the current obstacles preventing us from being a focused, organized army in the state of Florida and taking clear decisive action on a **TIMELY** basis is this fact. We currently do not get enough lead time concerning legislation that we must fight against to send out to activists located in the various organizations for the entire state of Florida. While the legislators are in session, we usually only get notified at the last minute in order to take action, and it is like trying to drink water from a fire hose.

Also, another problem is we get too many different groups sending out partial information concerning upcoming legislative action that is not concise, does not include contact information, etc.

Therefore, it will be critical for us to form strategic alliances with people such as John Hallman and Randy Osborne and others, so we can get advanced notice of legislation needing both prayer and action. This way we can be proactive rather than reactive! If we have enough lead time concerning upcoming legislation, we can engage all prayer activists in the state of Florida to take clear decisive **TIMELY** action, while having intercessors pray at the same time for specific legislative issues.

Can you imagine how awesome it would be with one push of the send button that **every** prayer **activist** currently connected to all the different prayer groups/ministry/grassroots organizations in the *body of Christ* could be notified, mobilized and activated efficiently and effectively for God's Kingdom purposes to prevail and for us to take the state of Florida for the Lord with NO MORE DELAY!

Yes, indeed. With one touch of the send button at the state level we can propagate these Action/Prayer/FYI alerts to every leader of every grassroots group in the state of Florida and to every pastor in the *body of Christ* to send out to their people! Can you imagine the impact the *body of Christ* would have to enact change quickly and effectively!

In addition, it is my hope that all the leaders of this coalition will agree to receive these Action/Prayer/FYI alerts and will propagate them to those under their leadership as well. **NOTE: WE ARE NOT ASKING FOR ANYONE'S DISTRIBUTION LIST!**

Another obstacle in us becoming an organized, focused army for God's Kingdom purposes to reign in the state of Florida is for the very same reason that Nehemiah was faced with long ago, when God first called Nehemiah to rebuild the broken down walls in Jerusalem! Nehemiah found a disorganized group of people with no effective leadership. There was no one to show them where to start and what direction to take.

As such, one of the MAJOR problems that we are currently facing is the lack of effective leadership and delegating specific tasks within the church and the grassroots organizations. The Lord's vision includes both the grassroots organizations and the *body of Christ*. As I have said many times before, but will say again, one of the reasons why we are not winning this spiritual battle is that we are not an organized, focused army like the enemies army is.

Therefore, like Gideon's army of old, what this small core group of PRAYERACTIVISTS must do is to join forces as we pool our knowledge, our Wisdom, our experience, our giftings, our anointing, our resources and our organizational skills in order to notify, mobilize, and activate the *body of Christ* to ARISE, AWAKE, and ACT now!

In order to accomplish this we need to:

1. Organize
2. Manage
3. Supervise
4. Encourage one another
5. Meet opposition
6. Confront Injustice
7. Keep going until the job is done
8. Facilitate the organization of people and the different ministries/organizations and have them work on specific issues in an organized, focused fashion by invoking PRAYER and ACTION.
9. We must help care for and prepare God's people by meeting their physical needs for the days ahead. Yet, more importantly, we must prepare them spiritually by properly discipling them.

In addition, we need to employ a strategy to frustrate our enemies to include, but is not limited to the following:

1. Prayer and action must go hand in hand. Through prayer, God guides our preparation, teamwork and diligent efforts to carry out His will. Effective prayer includes:
 - a. Praise
 - b. Thanksgiving
 - c. Repentance
 - d. Specific Requests
 - e. Commitment
 - f. God's favor, wisdom and revelation in order to be successful with the task at hand
2. Encouragement
3. Guard Duty: our weapons are not carnal, however, we need to form strategic alliances with the state and national Militia groups such as Oath Keepers and the Constitutional Sheriff's Posse.
4. Consolidation which is the process of uniting : the quality or state of being united; *specifically*: the unification of two or more groups by dissolution of existing ones and creation of a single new group

In closing, if the PRAYER ACTIVISTS in this small group of leaders decides to do nothing concerning quickly notifying, activating, and mobilizing the *body of Christ* and believers in the grassroots organizations in the state of Florida for a time such as this, then WHO will?

If not us, then WHO can God count on to answer this mandate in the state of Florida? God has been waiting for His leaders to do this for years and yet here we are just beginning to discuss how to go about this critical mandate.

Based on the fiasco which happened in April 2015, concerning bill CS/HB-7011 allowing homosexuals to adopt children, tragically we still do **not** have our act together YET!

However, I am quite confident that God will give us another opportunity in the not so distant future to see if we can actually show up next time as an organized, focused army for Him as soon as the trumpet is sounded! Therefore, there cannot be any more delay concerning this important mandate from the Lord to quickly notify, mobilize, and activate His people to invoke both prayer and action in a clear decisive manner in the state of Florida! The destiny of our nation depends upon it and I know that together we can be successful with God's providence in making this mandate for the state of Florida reality. Let's get it done!
