Please call your congressmen! No member of congress—House or Senate, Democrat or Republican—should support any bill with respect to the border crisis that does not include language explicitly prohibiting Obama's executive order amnesty via the Deferred Action for Childhood Arrivals (DACA) and any future plans be stopped.

“We Will Not Comply” Action Plan to Stop Common Core in Every State in America on a local level in every county!

Many of us attended Glenn Beck’s *We Will Not Comply* presentation regarding Common Core at theatres across America on Tuesday, July 22nd. Based on the gathering, there are five (5) things we must be willing to do in order to stop Common Core from indoctrinating our children via their curriculum in the public school system for our respective counties in EVERY state! They are as follows:

1. **GET EDUCATED you can start by watching this movie if you haven’t already**

The 39 minute film at the link below is an excellent look at the claims and the facts.

<http://www.commoncoremovie.com/>

2. **ORGANIZE OUR EFFORTS on a local level county by county**
3. **SHOW UP and voice your concerns at school board meetings. They will only WIN if YOU don’t show up and be an advocate for your children and grandchildren!**
4. **We must not comply with their agenda which includes students NOT complying with taking the tests! Please note: This will have to be done as a group, otherwise it will have serious backlash for those few students who have the courage to take a stand.**
5. **Do NOT allow the school officials or elected leaders to intimidate you! They work for us! And, if you see someone being arrested for just voicing their opinion or objections in a non-threatening way at any of these meetings we must stand together and not you just sit there and do NOTHING! United we stand, and divided we will fall!**

Below is the action plan Glenn sent out which is a work in progress—designed to help you make a real difference in your community.

We’ve worked with education experts, grassroots organizers, teachers, and concerned Americans from around the country. We’d love your comments and feedback so we can continue to improve it. You can send to <mailto:private@wewillnotconform.com>.

Every parent in America that has a child in the public school system must ask their local school the following question and then say loud and clear: My child will not comply!

Some time ago I shared some articles via my Action/Prayer/FYI alerts concerning schools all across America taking children off site to undisclosed locations via school buses in mock terrorist drills. Below, are a couple of articles substantiating that this is being done, sometimes without parental knowledge or consent. Do your own homework and you will find many more! However, I have confirmed that this is being done at the local high school where I live in Florida.

Therefore, we need to have the help of a constitutional attorney to come to the aid of parents who choose to stand against this common practice. Please let me know if you know of someone who can back the parents concerning this issue from a legal standpoint.

In the meanwhile, please check with the administrators at your children's school and ask them if this is being done. And, if you are not okay with this common practice please do NOT comply! Usually they have the parents sign off giving the school permission to do this in the handbook you sign at the beginning of the school year that many parents do not read! Read the handbook and see if it is in there and then refuse to sign it! Why? In the event martial law is implemented due to catastrophic events taking place they will be taking our children straight from their schools to the FEMA camps. I have had visions and dreams from the Lord about this and shared it with someone I knew in a ministry proposing children be homeschooled and they sent me the articles below confirming it. Up until the time I shared the vision with this person, I didn't know some schools were really doing these off site mock terror drills. So please heed this warning!

Prayer Works!: Meriam Ibrahim and her family are on their way to America

Meriam Ibrahim and her family are safe and free in Italy and will be on in their way to America in a couple of days. Miriam and her baby Maya have gone from suffering on death row in a brutal Sudanese prison because of Meriam's Christian faith to freedom. <http://ffc.io/bE>

We are grateful that the prayers and pleas of millions of people around the world were answered today with the release of Meriam Ibrahim and her family from the Sudan. Without the outcry from Christians and others, Mariam likely would have been executed by a brutal dictatorship simply because she refused to renounce her Christian faith. While we are grateful her life was spared, her persecution is but one sad example of a larger tragedy playing out across the globe, a war on Christians that has included the threats by ISIS in Iraq to force Christians to convert to Islam or face death. We must remain vigilant in defending religious liberty for Christians, Jews and others of faith throughout the world and make it a priority in the conduct of US foreign policy. -Ralph Reed

Action/Prayer/FYI Item #7:

Focus on the Family presents: Leading as a Servant Leader

Perhaps the phrase that is most often stated when talking about Christian leadership is the term, "servant leadership." Scripture contains a treasury of accounts of Jesus' example of servant leadership and the manner in which he cared for his disciples throughout his ministry.

However, it's possible that our familiarity with the concept has caused us to forget its relevance. In his recent book, *Leaders Eat Last*, secular author Simon Sinek expounds on the idea of this kind of counter-cultural leadership and states, "The true price of leadership is the willingness to place the needs of others above your own. Great leaders truly care about those they are privileged to lead and understand that the true cost of the

leadership privilege comes at the expense of self-interest."

According to Sinek, this kind of leadership creates safety and trust that allows people and organizations to thrive.

At this year's Leadercast, Andy Stanley, Pastor of North Point Community Church stated, "If your leadership isn't all about you, it will live beyond you." Inherent in an understanding of servant leadership is the idea that leadership is about the mission and not one's own importance. To effectively lead means caring for more than one's own standing at a company or a ministry but about the calling that you are encouraging others toward in work and in their own personal development.

A Christian worldview of leadership and about humanity compels us as believers to care well for those God has entrusted in our care, whether in a small group bible study or in corporate management.

How is your Christian worldview shaping the way you lead every day?

Wallbuilders: You Can Help Israel!

Support Israel!

As the world watches the unfolding conflict in the Middle East, and as Israel responds to more than 2,000 missiles launched against her in recent weeks, it is important to remember God's covenant with Abraham. He said that He would make a nation from Abraham, and in that regard that:

I will bless those who bless you,

And I will curse him who curses you;

And in you all the families of the earth shall be blessed.

(Genesis 12:3)

Then in Psalms 105, God affirmed that He would keep His covenant for a thousand generations, so this covenant is still in force today. Thus, God will bless those who support the nation of Israel, founded through Abraham.

We have just been contacted by leaders in the Israeli military,

specifically asking for help. We wanted to let you know about these needs.

Unlike our American military, the Israeli military is not able to provide their soldiers with basic clothing, toiletries, simple tools, or other things that American soldiers regularly receive. The Israeli soldiers are in critical need of basic necessities such as underwear, undershirts, and hats for the heat, and those in the Army are also

asking for simple tools such as the Leatherman Wave, which enables them to make most repairs to their equipment in the field. We also have received lists of needs from the Israeli Navy and Air Force as well.

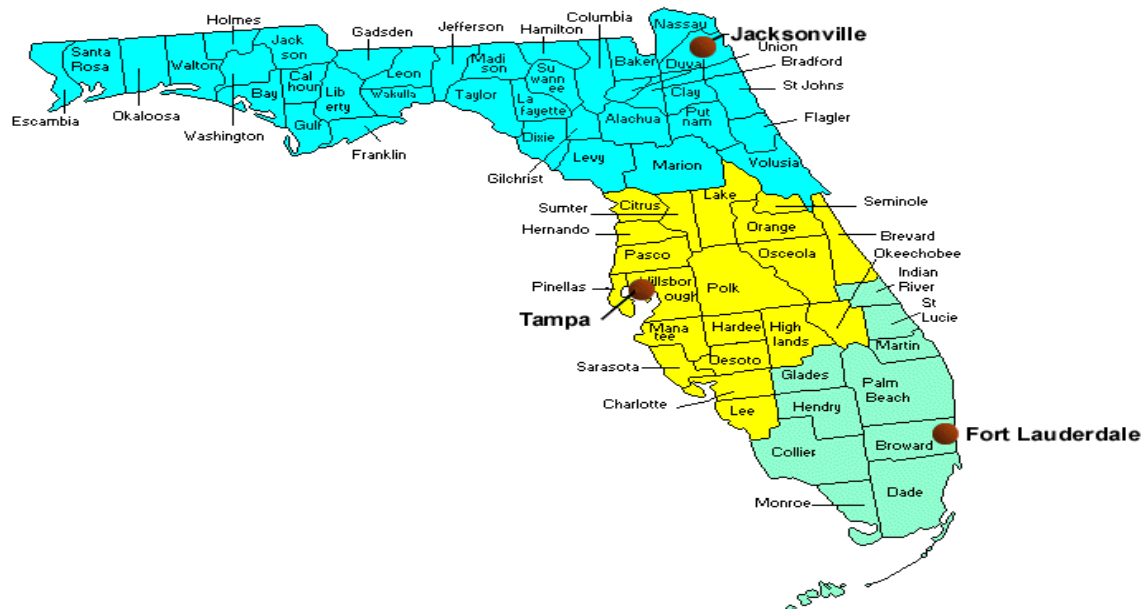

We have worked closely with the Israeli military in recent years, just as we have also worked hard to supply our own soldiers. Many of you have given to our U. S. military account to help provide materials to American soldiers. But now, you can help provide basic necessities for the Israeli military. To donate, please visit the [WallBuilders donations page](#) or click on the link below. All of the contributions will go directly to supplying the items that Israeli military leaders specifically asked WallBuilders to help provide. God bless!

Calling all hands on deck: It is time to take action on a local level against Common Core (aka Sunshine States Standards) by attending these upcoming school board meetings for Hillsborough County Public Schools on Tuesday, July 29th and Wednesday, July 30th

There are five near term events where we can work together in an organized fashion and, **IF WE SHOW UP**, encourage our school board and local legislators to take our efforts to STOP COMMON CORE more seriously, we can stop it! If you have children attending public schools we must be their advocate by taking an active role in these meetings!

- July 29, 3:00 PM Hillsborough School Board Meeting
- July 29, 8:00 PM Rebroadcast of WE WILL NOT CONFORM
- July 30, 7:00 PM Plant City Meeting to "sell" Common Core
- July 31, 6:30 PM Tampa 912 Project
- Aug 12, 3:00 PM Hillsborough School Board Meeting

NOTE: If you are able to join in any of these activities please contact Terry Kemple via email at tkemple@integrity.com

Reminder – Monday, July 28th is the Deadline for Many to Make a Difference in the August 26th Primary Election

All of us have friends and family that are not eligible to vote for candidates struggling to restore our lost liberties in the most important election of our lives – the August 26th Primary Election...an election that will either turn the tide of destruction with Constitutional Conservative candidates or lead to runaway destruction of our liberties. Some of our closest friends and family are either not registered or registered in a party with no primary Constitutional conservative candidate, such as Independent or No Party Affiliation. These people have **NO VOICE** on who will be on the General Election ballot on November 4th. The people allow others to direct their path because they are frustrated with what the wrong candidates have done, yet choose to give up their vote in the Primary Election **UNLESS THEY** visit the website or office of their Supervisor of Election and make a difference. It's **easy to register or change** and voters can even change back after the primary if they choose. Most Supervisors of Election have a process for the voter to make the change on line at their website.

Please encourage your contacts to vote and if they need to make a party (or address) change, recommend that they get it done by Monday at the following website by selecting their county and then look for their county on line Voter Registration Application procedure:

Personhood FL ProLife PAC Endorses over 60 Candidates for federal, state, district, and local offices across Florida.

Personhood FL ProLife PAC today announces it's endorsement of over 60 candidates for federal, state, district, and local offices across Florida. Endorsed candidates include **Congressman Tom Rooney** and **FL House Members Larry Ahern** and **Ray Rodrigues**. Personhood FL ProLife PAC endorsed Republicans, Democrats, third party candidates, and NPA for every office from US Congress to Soil and Water Conservation and every position in-between. Access link below to see the candidates.

<http://personhoodflprolifepac.com/2014/07/23/personhood-florida-prolife-pac-endorses-over-60-candidates-for-the-2014-primary-and-general-election/>

All endorsed candidates signed a Personhood Affirmation indicating their agreement to Personhood FL ProLife PAC's comprehensive prolife principles covering not only abortion but also abortion funding, RU-486, fetal stem cell research, human cloning, fetal tissue research, and assisted suicide and euthanasia. Candidates also affirmed that all humans should be protected under the Florida and US Constitutions from the beginning of the biological development of that human being to natural death. Moreover, candidates agreed to defend all innocent human life including preborn babies irrespective of their manner of conception, the elderly, and the disabled.

<http://personhoodflprolifepac.com/wp-content/uploads/2014/03/2014-Personhood-FL-ProLife-PAC-Principles.pdf>

Personhood FL ProLife PAC Chair¹ Bryan Longworth praised the endorsements and encouraged prolife voters to support prolife candidates. "Personhood FL ProLife PAC has today endorsed candidates who have committed to protecting all innocent human life, without exception. It's no longer sufficient to merely be against abortion in certain circumstances. Being prolife in the 21st Century demands that we defend innocent human life in and out the womb from beginning to end. I encourage prolife Florida voters to support these candidates with their votes, their time, and their donations."
