**Southerland Votes To Expand Veterans' Access To Health Care Via The Veterans Access To Care Act Of 2014 (H.R. 4810). Contact Your Senators To Support This Bill A.S.A.P.**

U.S. Rep. Steve Southerland, II voted today for the Veterans Access to Care Act of 2014 (H.R. 4810), legislation that provides veterans facing lengthy wait times at VA hospitals with immediate access to private-sector health care.

“This Administration’s failure to care for our nation’s heroes is an absolute shame. With over 57,000 veterans waiting 90 days or more to receive their initial VA appointment, immediate action was needed. I am proud to join my colleagues in unanimously passing this legislation to provide our veterans with the timely, quality health care they deserve. While further action is needed to hold the VA accountable, I urge the Senate to join us in our efforts to provide veterans with immediate access to private-sector health care.”

Southerland is an original cosponsor of the Veterans Access to Care Act of 2014, which passed the House unanimously today. Southerland also cosponsored and supported House passage of the VA Management Accountability Act, legislation allowing for the swift removal of senior executives at the VA who are not fulfilling their responsibilities to our nation's veterans.

**Sign ACLJ's Petition to Keep the American Internet Free From International Censoring And Control!**

### **Sign ACLJ's Petition to Uphold the Law: No Deals with Jihadists**

It's going from bad to worse.

In sworn testimony before Congress yesterday, Secretary of Defense Hagel admitted that President Obama broke the law by not notifying Congress before releasing terrorists.

He admitted that the five Taliban terrorists released were in fact commanders.

He actually defended the move claiming that these terrorists weren't the ones pulling the triggers.

That's absurd. Osama bin Laden didn't pull any triggers on 9/11, but he was still the most dangerous terrorist in the world.

We gave the terrorists a huge victory. Even the Obama Administration admits, their commanders will return to the battlefield.

We're working with Members of Congress to defend our soldiers. Join us in sending a powerful message: Mr. President, stop appeasing terrorists. Stop violating the law.

### **"Will You Stand?" - March for Marriage 2014 June 19<sup>th</sup> in Washington, D.C.**

We're in a historic battle, a fight for one of the great truths of civilization — that marriage as one man and one woman is an essential element of a thriving society based on strong families. It's not only God's design for humankind; it's been proven throughout history to be the most beneficial relationship for men and women, for any children born of their union, and for society as a whole. How fortunate we are to be able to demonstrate our support for preserving marriage in the law!

Please forward this powerful new video out to all your friends, colleagues, neighbors and family members, and post it to all your social media accounts.

**Praise the Lord! Brat Wins, and for seven-term Congressman Eric Cantor (R-Va.), it was a defeat he never saw coming. This is sending a clear message to the GOP that your days of fooling the American people are coming to a close! The GOP is no better than the Democratic Party and we must elect candidates with demonstrated integrity that will protect, defend, and uphold the US constitution in this election!**

## **Action/Prayer/FYI Item #8:**

**The time is now to call a Convention of States to stop the abuses of the federal government as the Supreme Court's recent ruling leaves the door open for international treaties to supersede state authority and electing "better" politicians is like hiring better drivers to race a broken-down car!**

The Supreme Court's recent ruling leaves the door open for international treaties to supersede state authority. For more on this recent ruling, access the following link:

[http://conventionofstates.com/new-supreme-court-misses-mark/?utm\\_source=Citizens+for+Self-Governance&utm\\_campaign=012f2cec43-COS\\_Weekly\\_Roundup\\_6\\_116\\_11\\_2014&utm\\_medium=email&utm\\_term=0\\_2ea1d13fa3-012f2cec43-98129701](http://conventionofstates.com/new-supreme-court-misses-mark/?utm_source=Citizens+for+Self-Governance&utm_campaign=012f2cec43-COS_Weekly_Roundup_6_116_11_2014&utm_medium=email&utm_term=0_2ea1d13fa3-012f2cec43-98129701)

[Note: I, Donna Rogers, do **not** entirely agree with this next statement concerning electing "better" politicians because our US Constitution, our Bill of Rights and our Declaration of Independence, like the Bible, are NOT the problem! They are still as good and as valid as the day they were written for the welfare of "We the

*People*”! The problem we have is with morals of the people who are called to adhere to and enforce these written covenants that God, our Creator has established for our own good when America was founded on Judeo-Christian values! And, as John Adams once said, **“Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other.”**

And, again, I proclaim that the “root” problem that our current elected leaders have is that they are a direct reflection of the spiritual darkness inhabiting the hearts of *“We the People”* who have elected them in the first place! While I do agree with some aspects of what COS is attempting to do, we still need to elect good Christian people who will seek God’s Wisdom and establish His justice and righteousness throughout our land based on our founding documents, including God’s Word, which were written under His divine providence, as a matter of public policy! And, allegiance to both political parties MUST be thrown out the window if we hope to get different results! And, equally important God’s people MUST not only vote in this next election, we MUST also vote for those candidates or issues which are in alignment with His Word! Otherwise, we have no one to blame other than ourselves for reaping what we have sown!]

And electing “better” politicians is like hiring better drivers to race a broken-down car—it’s a losing proposition. Read the article titled, *Broken Down Government* at the following link:

[http://conventionofstates.com/broken-government/?utm\\_source=Citizens+for+Self-Governance&utm\\_campaign=012f2cec43-COS\\_Weekly\\_Roundup\\_6\\_116\\_11\\_2014&utm\\_medium=email&utm\\_term=0\\_2ea1d13fa3-012f2cec43-98129701](http://conventionofstates.com/broken-government/?utm_source=Citizens+for+Self-Governance&utm_campaign=012f2cec43-COS_Weekly_Roundup_6_116_11_2014&utm_medium=email&utm_term=0_2ea1d13fa3-012f2cec43-98129701)

I am sick of asking you to call your Senator or sign a petition every time a new issue comes up. Enough is enough. We can't rely on anyone but ourselves.

On July 22 thousands of people fed up with Common Core and the federal takeover of education will gather in movie theaters nationwide. Together with some of the best minds on this topic - people like Michelle Malkin, David Barton, Whitney Neal and Matt Kibbe - we'll develop a comprehensive action plan to stop Common Core once and for all.

With your help we can send a strong message to the rest of the country: We will not comply; we will not concede; we will not conform.

**Do not be deceived! We are witnessing the One World Harlot Religious System arising with the Pope of the Roman Catholic Church allowing Islamic Prayers to be held at the Vatican with the reading of the Quran! And, many well know evangelical leaders are doing the same at churches all across America! Wake up! God is calling His people to come out of Babylon and the Harlot Religious System now while there is still time to repent!**

I beseech you to please take the time to read this timely and relevant teaching titled, *“Wake Up! We are Witnessing the Rise of the Harlot Religious System! Come out of Babylon My People Lest You Share In Her Sins and Receive Her Plagues”* so you are NOT deceived and led astray from the narrow path which leads to everlasting life!

### Liberty First Network presents: Common Core and the 2014 Florida Legislative Session An In-depth analysis of Common Core in the 2014 Session

In 2013, parents across the state of Florida started to speak out against Common Core Standards yet fell short of stopping the implementation. The 2014 legislative session saw a continuation of that battle. John Hallman has completed his analysis of the changes made and what they mean for our students.

The politicians in Tallahassee are saying they heard us and passed laws addressing our concerns, but did they? Why is Common Core wrong for our students to begin with?

One of the larger outcries was against the testing consortium known as PAARc. Was PAARC the only problem?

There were Legislative Champions and Enemies. Who were they and what did they do this session.

What can we do now to protect our students from Common Core?

All of these important questions and an in-depth analysis of all of the 2014 legislation on Common Core is explained. Our children deserve the best education. It is upon us to ensure that they get it.
