

"The mayor of Cleveland and a coalition of Jewish, Christian and African-American groups are expressing outrage over a gas station's outdoor wall murals, including one that appears to show a rabbi performing oral sex on a baby. The owner claims it depicts a circumcision ritual."

We apologize for the language, but there is no other way to let you know what is happening. "Another mural shows 'The Faces of Jesus,' which includes the phrase, 'To Jews he's a bastard who's in hell.'" Access the following link to read and sign this public media statement.

We would like to go out with a public media statement by Wednesday June 11th if possible, so please respond today if you can. Sign up below. Thank you so much for taking this stand!

We are asking Christian leaders across the country to join in standing and speaking with one clear voice against this bigotry. May we add your name to a growing list of Christian leaders who support this statement below?

"We abhor the grotesque anti-Semitic mural at Biggie's gas station in Cleveland, Ohio. We will not allow vile attacks like this to go unchallenged and we refuse to sit quietly by while ugly hatreds rise again. We stand side-by-side and hand-in-hand with the Jewish community, united against this hateful bigotry."

Your rights to stand for something like this have never been questioned by any lawyer or court of law. It's totally legal. And it must be done quickly. We apologize for the offensive nature of this email. But it's a mural in Ohio and children are seeing it, so it needs a description.

Time is of the essence. If you are willing to join with us in this, please respond with your name and title (and if possible, your church name) and we will add your name to the list. **In addition**, if you can contact other pastors to sign the media response, please do so immediately. We would greatly appreciate it.

Thank you for taking a stand.

Action/Prayer/FYI Item #2:

We need to obey God rather than men - 3 Part Series w/Pastor JC Hall on the topic of civil disobedience by KrisAnne Hall

"Can the liberties of a nation be secure when we have removed a conviction that these liberties are the gift of God?" Thomas Jefferson

Part 1: God Rather than Men

<http://krisannehall.com/god-rather-men/>

In a time when many pastors and churches sit on the sidelines rather than take a stand for liberty and even teach that this is what a Christian is instructed to do when faced with tyrannical authority, its time someone spoke the truth. What does the Scripture really demonstrate on this matter? Can this NEW doctrine be true? Can Christians have been so misguided for so long as they resisted civil authority in the name of liberty of conscience?

Part 2: God Rather than Men

<http://krisannehall.com/god-rather-men-pt2/>

Pastor JC Hall counters the erroneous teaching that Christians should not be involved in politics or in political activism but should slavishly submit to tyrannical authority. In episode one you heard the Biblical basis for civil disobedience and saw three examples: the Apostles, the Hebrew Midwives and the mother of Moses. In this episode Pastor Hall goes further and gives several more instances from the Bible of people resisting civil authority and being blessed by God because of it.

Part 3: God Rather than Men

<http://krisannehall.com/god-rather-men-pt3/>

Pastor JC Hall refutes the notion that people of faith are not to be involved in the liberty movement in resisting oppressive and lawless government. Discover numerous example of "God-ordained" civil authorities who were

declared out of order by God Himself. The mere occupation of a govt position does not grant one carte blanche power to subjugate the masses

Barna Can Help You Make Disciples Among Millennials

Is your church passing on vibrant, lasting faith to teens and young adults? Find out how in Barna Labs, our most practical, immersive resource for next-generation spiritual formation.

Labs is a five-month learning experience open to a limited number of leaders who work directly with the Barna team. We share what our data shows about Millennials, and help you assess the effectiveness of your work with teens and young adults. In turn, your feedback and first-hand experience in the ministry trenches help us find out what's working and what's not when it comes to youth and young-adult discipleship.

The Labs experience involves three elements you'll find only at Barna:

Training

Live, online sessions focus on Millennials' cultural assumptions and spiritual journeys, and on the unique challenges today's young people face—equipping you to know and appreciate the Millennials in your community.

Diagnostics

Barna Group surveys for exclusive use in your ministry help you measure success and evaluate effectiveness—empowering you to target specific areas for improvement.

Group Learning*

Face-to-face time on California's beautiful coast lets you learn and collaborate with David Kinnaman, the Barna team and a small cohort of fellow leaders—inspiring you to return to ministry renewed and energized.

Action/Prayer/FYI Item #7: Protecting our Children by Empowering the Parents

More and more parents are losing their God given rights to parent their children and be the guardians of their children's welfare as we have seen recently with the Justina Pelletier's nightmare! As such, I want to let you know about the following website which will help us make sure we are empowered to protect our children.

Please access the following link to learn more of how you can be empowered to do what is right for your child and help protect the rights of other parents too. United we stand and divided we shall succumb to tyranny!

IHOPKC for Luke18 Project's Summer Leadership Program July 20-August 2

We would like to invite you to spend two weeks this summer at IHOPKC for Luke18 Project's Summer Leadership Program.

Luke18 Project is a campus prayer movement that exists to establish a culture of prayer and worship on every college campus in America. Our Summer Leadership Program is a two-week, intensive training program in the context of night-and-day prayer with worship, designed for college students, campus ministers, and young adult leaders ages 18 to 30 who desire to plant a prayer furnace and fuel a culture of prayer with worship on their college campuses or in their local ministry contexts to contend for revival and awakening.

Join students from all over the earth for a rigorous summer of training in prayer, the Word of God, and leadership development. You will receive in-depth training from Mike Bickle, Allen Hood, Daniel Lim, Misty Edwards, and other IHOPKC leaders on why and how to plant and fuel a prayer furnace.

A significant part of our training will be in the context of IHOPKC's 24/7 prayer room, where students will spend time encountering the Lord in prayer and worship, both personally and corporately. Areas of training will include intimacy with God, worship and intercession, leadership development, discipleship, prophecy, healing, eschatology, practical campus ministry skills, and more.

Dates

July 20–August 2

Tuition

\$850 Early-bird tuition by June 20

\$950 Regular tuition after June 20

Tuition includes housing, meals, and teaching resources

Location

International House of Prayer of Kansas City

August 5: Charles LiMandri , Esq.: "How Same-Sex Marriage Will Affect Your Religious Liberty." President, Chief Counsel of the Freedom of Conscience Defense Fund (FCDF).

FCDF is a national public interest law firm that represents people whose freedom of conscience has come under attack. Charles is a member of the American Board of Trial Advocates and is admitted to practice law in California, New York, Washington, D.C., and before the United States Supreme Court. FCDF is lead defense counsel for Jews Offering New Alternatives for Healing (JONAH) in a precedent-setting lawsuit. As an accomplished trial advocate with a national reputation, Mr. LiMandri is well qualified to handle cases involving religious-liberty issues. www.consciencedefense.org

August 12: Dran Reese: "How the Church Can be Salt and Light in the Culture." Founder, President of The Salt & Light Council.

Dran Reese heads a non-profit, non-partisan ministry that trains and equips Christians to preserve our Christian culture through biblical citizenship. SLC works to activate churches nationwide in the mission field of government. Churches in America have been depicted as "a sleeping giant" that in one election cycle could change America. This describes SLC's mission and vision. We do this by providing a complete turn-key ministry with cutting-edge training, education and backend support. www.saltandlightcouncil.org

Action/Prayer/FYI Item #2: **Florida Forever Amendment 1: VOTE NO! And, Do Not Promote This Amendment And Here Is Why...**

The proposed amendment backed by a group called “Florida’s Water and Land Legacy, Inc.,” seeks to set aside 33 percent of the state’s documentary stamp tax revenues, which are fees paid when real estate is sold for 20 years to acquire conservation and recreation lands, manage existing lands, protect lands that are critical for water supply and restore degraded natural systems.

The *Florida Water and Land Legacy, Inc.* **claims** they protect our waters, drinking water, and helps save the animals.

THIS IS NOT THEIR INTENT! Rather, their intent is the theft of millions of acres of land in the state of Florida!

This theft of millions of acres of land is for Greenways and Trails (which owns 25.62 millions of acres of land now), Blue ways, to control all navigable waterways, rivers and streams. *Florida Fish and Wildlife Conservation Commission* owns over 6 million acres of land, along with all five (5) Water Management Districts in Florida.

This Constitutional Amendment to the Florida Statutes will provide FloridaForever \$19 Billion of your tax dollars, to steal more land using land acquisition and permanent easements, land most of which will be off limits to humans. **Florida Forever owns 30%, that’s 1/3 of the state of Florida NOW.**

Does Governor Rick Scott care about education? Please call him and find out!

It is alleged by some in the grassroots organizations that most of the time no one even answers the phone at the governor's office. Therefore, I think the most effective way to get our message to Governor Scott is to call his political director and campaign manager:

Please call and leave a message if no one answers:

Christian Butterfield
(305) 491-2389
Central Florida Political Director
Scott for Florida

Please call Mr. Butterfield and let him know where you stand on education and voting for Rick Scott in November.

Some of the issues we are concerned with are as follows:

- Kids are learning math wrong so they won't be able to compete in college and jobs requiring math skills. Many science careers require 2 to 3 years of calculus. If it takes the next generation 5 minutes to write out and answer simple math like 12 plus 13 that should be able to be done in their heads, then how will they ever do complex calculus problems on college exams in the short period of time allotted for tests?
- Every course requires an end of course exam for teacher evaluations – it's too much pressure on kids when the tests can be 30% of their final grade. And in Algebra, the kids must pass the state test to graduate – even if they are passing the course, a failure on the end of course exam results in a failure of the course – one test determines all.
- End of course exams are computerized and should give immediate scores like the GRE does yet kids and parents are worrying and waiting for weeks to see if they pass a course while the FLDOE debates a passing score.
- To bump up school grades, kids are being placed in AP classes when they don't request it and not allowed to leave when unable to do the college level work and are failing.
- End of Course exams are going to be given in every course. So now every teacher will be teaching to a test all year in every subject. Even electives and PE will have exams.
- High school kids take biology, algebra and US History end of course exams in early May and then have to sit around in classes until June doing busy work because there is no more curriculum to be taught. The curriculum is crammed into the year and rushed so the tests can be administered in May rather than ending with a final exam in June.

And, as I have already reported in the Prayer/FYI/Action Items for May 5th thru May 9th 2014...

End-of-Course (EOC) Assessment testing has now been implemented instead of FCAT under the *Next Generation Sunshine State Standards* aka Common Core which requires parents to purchase the Practice

Assessment Tool for EACH predetermined subject. And, this will impact homeschoolers and private school students which seek to get accepted into state colleges and universities.

Many parents have been glad to hear that FCAT will be no longer be required to be taken by students in the public schools in the near future. However, before you get too excited about this news... what they have now done under the *Next Generation Sunshine State Standards* aka Common Core is this. They are now requiring that students entering High School must take a SEPARATE test called End-of-Course (EOC) Assessment on EACH PREDETERMINED SUBJECT which will affect their grade, and in some cases determine whether or not they will graduate.

In addition, it appears, that parents now have to **purchase** the Practice Assessment Tool (ePAT) FOR EACH SUBJECT in order for the students to be able to take the EOC Assessment from the state as I have highlighted in yellow and green below which is taken right off their website at the link I have provided below.

On this site it specifically says, “All students are **required** to take the six-item practice test **before** taking the EOC Assessment.”

So it seems this is another way for the state to generate additional revenue by making these tests mandatory via the *Next Generation Sunshine State Standards* aka Common Core. They just changed the name of Common Core to the Next Generation Sunshine State Standards because of all the negative publicity RE: Common Core.
