Action/Prayer/FYI Item #1:

Stand with Rand Paul Sign the Fourth Amendment Protection Act Petition

Whereas: Today, our Fourth Amendment which protects Americans from government search and seizure unless there is probable cause of a crime is under assault like never before; and

Whereas: This country fought a revolution over issues like generalized warrants, where soldiers would go from house to house, searching anything they liked; and

Whereas: This is a defining moment for our country; and

Whereas: Our elected officials are not above the law and Congress MUST reassert our Fourth Amendment protections against unreasonable search and seizure;

Therefore: I urge you to take action to support Senator Paul's Fourth Amendment Protection Act.

Victory over FCC monitors

You won.

You defeated the Obama Administration's effort to monitor America's newsrooms.

On Wednesday we launched a public campaign against the Obama Administration's "study" of American newsrooms, a "study" that would send government monitors into Christian and conservative stations.

Can you imagine? Government monitors asking Christian broadcasters if they're giving you the news the Obama Administration says you "need" to hear?

It was intolerable, and within two days of launching our campaign, tens of thousands signed our petition, Members of Congress confronted the FCC, and the Obama Administration's threats to the free press were national news.

Yesterday afternoon the Administration surrendered, ending the study and promising not to monitor station owners, managers, and reporters. It was a complete victory.

Share the news.

Judge Andrew Napolitano explains the 'danger' in new scotus ruling on police searches

<http://foxnewsinsider.com/2014/02/27/judge-napolitano-explains-danger-new-scotus-ruling-police-searches>

The Supreme Court has given police more leeway to enter homes and conduct searches without a warrant. The 6-3 ruling, stemming from a 2009 incident out of Los Angeles, now gives police the authority to enter a home as long as one occupant consents to the search.

Action/Prayer/FYI Item #5:

Texas is the latest victim, as another federal judge strikes down a state gay marriage ban. Do we realize at least 17 states in America now allow same-sex marriage? In addition, marriage in the state of Florida is now under attack!

Federal judge strikes down Texas gay marriage ban

<http://www.usatoday.com/story/news/nation/2014/02/26/texas-gay-marriage-ban/5839579/>

In addition, with this recent rendering by a federal judge, will Texas succumb to the same fate as seventeen (17) other states in America that now have the freedom to marry same-sex couples despite the fact that it is NOT the will of the majority of people in each state and is clearly redefining God's Covenant of Marriage between a man and a woman?!

Following are the seventeen (17) states in America which now allows same-sex marriage: CA, CT, DE, HI, IA, IL, ME, MD, MA, MN, NH, NJ, NM, NY, RI, VT, and WA - plus Washington, D.C. In UT, a federal judge has issued a ruling establishing the freedom to marry, and the decision is now stayed pending consideration by the appellate court. Moreover, three states offer broad protections short of marriage. CO allows civil union, while OR and NV offer broad domestic partnership. WI has more limited domestic partnership.¹

¹Source: <http://www.freedomtomarry.org/states/>

Also, this week under the state of Florida's Prayer/FYI item #2 is an alert concerning Florida Family Action who is seeking to intervene in a Miami lawsuit where same sex couples are attempting to overturn the marriage protection amendment in the Florida constitution.

Moreover, according to Family Research Council 25 Pro-Marriage States are now under legal assault! Please see Action/Prayer/FYI Item #13 below for more information concerning this.

First and foremost, do we realize if they can eradicate the family as God established and intended it to be they have our nation? If you don't know about the very first covenant God ever established—the Covenant of Marriage that He defined as being between one man and one woman, please take the time to read my writing titled, "*The Covenant of Marriage*" which is dated March 16, 2013 and can be found under the 2013 Prophetic Word on my website by accessing the following link:

Action/Prayer/FYI Item #6:

Learn more about the parallels to the four judges of Sodom and Gomorrah who rendered verdicts condoning sodomy which led up to the destruction of Sodom and Gomorrah!

Do we realize that our judges, like the ones which rendered decisions which led up to the destruction of Sodom and Gomorrah, are allowing the same abominations to the Lord to “legally” prevail throughout our land as well?

Learn what the *Book of Jasher* Chapter 19 has to say about this same scenario we see unfolding before our very eyes. The *Book of Jasher* is referred to in the Bible in Joshua 10:13 and 2 Samuel 1:18.

The Abominations of the people of Sodom and Gomorrah. Two Heavenly Messengers sent to Save Lot. The Cities of the Plain and all their Inhabitants Destroyed by Fire

1 And the cities of Sodom **had four judges to four cities**, and these were their names, Serak in the city of Sodom, Sharkad in Gomorrah, Zabnac in Admah, and Menon in Zeboyim.

2 And Eliezer Abraham's servant applied to them different names, and he converted Serak to Shakra, Sharkad to Shakrura, Zebnac to Kezobim, and Menon to Matzlodin.

3 And **by desire of their four judges** the people of Sodom and Gomorrah had beds erected in the streets of the cities, and if a man came to these places they laid hold of him and brought him to one of their beds, and by force made him to lie in them.

For the rest of the story access the following URL:

<http://www.sacred-texts.com/chr/apo/jasher/19.htm>

Therefore, the body of Christ must stand up and NOT remain silent concerning these abominations to the Lord which are being legalized throughout America by federal or supreme court judges rendering their unjust verdicts and overturning the will of “*We the People*” in our respective states! Moreover, we must cry out to the Lord to intervene against all the abominations in our land if we want to be counted worthy to escape all these things which will happen as the Lord executes His judgment on the filthy conduct of the wicked and their lawless deeds! After all righteousness and justice is the foundation of His Throne! Listen to what God’s Word says about those like Noah and Lot who are tormented in their righteous souls from day to day by seeing and hearing about these types of lawless deeds and despicable abominations in 2 Peter 2:4-11 below.

*“For if God did **not** spare the angels **who sinned**, but cast them down to hell and delivered them into chains of darkness, to be reserved for judgment; and did **not** spare the ancient world, but **saved Noah, one of eight people, a preacher of righteousness, bringing in the flood on the world of the ungodly; and turning the cities of Sodom and Gomorrah into ashes, condemned them to destruction, making them an example to those who afterward would live ungodly; and delivered righteous Lot, who was oppressed by the filthy conduct of the wicked (for that righteous man, dwelling among them, tormented his righteous soul from day to day by seeing and hearing their lawless deeds)— then the Lord knows how to deliver the godly out of temptations and to reserve the unjust under punishment for the day of judgment, and***

*especially those who **walk according to the flesh in the lust of uncleanness and despise authority.** They are presumptuous, self-willed. They are not afraid to speak evil of dignitaries, whereas angels, who are greater in power and might, do not bring a reviling accusation against them before the Lord.” ~ 2 Peter 2:4-11 (NKJV)*

Action/Prayer/FYI Item #7:

Liberty Counsel’s Update on the Pelletier Family, please watch the video and sign the petition!

Yesterday, I appeared on Glenn Beck’s television program with Lou Pelletier, father of Justina Pelletier, the teenage girl being held captive by the Massachusetts Department of Children and Family (DCF).

In this case, DCF might as well stand for “Destruction of Children and Family”!

As more of the details of this case come to light, I am more outraged. I have never seen anything like this before.

It is unfathomable that this barbaric overreach by a state agency is taking place in America – and in the city that launched the fight for American liberty, of all places.

You must watch this interview!

Among the things you will learn...

- The sheer agony the DCF has forced upon the Pelletier family.
- The extreme measures being taken against the Pelletier family in their one-hour-per-week visitation rights with Justina – including armed security by the Massachusetts State Police!
- You’ll hear about the physical problems Justina has endured for over a year at the DCF’s facility, which the staff “laughed” at.
- You’ll be shocked, as I was, at the services the DCF has refused Justina, including her education (she’s only 15 years of age) and any clergy visitation.
- You’ll be heartbroken by Justina’s deteriorating physical condition, which has been called “life threatening” by one physician.
- How an imposed “gag order” being handled behind closed doors is a violation of the Pelletier’s First Amendment rights.

The facts of this case, as exposed in this video interview with Glenn Beck, myself, and Lou Pelletier will astound you!

++The DCF is now doubling down on their oppression of the Pelletier family!

Because of Mr. Pelletier’s media appearances over the past few days, the DCF has filed “Contempt of Court” charges against him.

Along with watching the video, you'll be given an opportunity to sign the *End the Pelletier Nightmare* petition, which will be delivered to Massachusetts and Connecticut senators and representatives in the United States Congress, among other key contacts.

Access the links below to watch the video and sign the petition:

P.S. I also ask for your prayers concerning this deeply disturbing personal and legal ordeal – both for the Pelletier family and those of us working on their behalf.

Updates....

Isn't it amazing what can happen when evil is exposed and can no longer cloak itself in darkness? Below are the latest updates which indicate that the tide is shifting concerning this horrific story! However, we must not stop sharing this news story and taking action until Justina and her family have justice! Also, we must also expose all the other cases of children who have faced similar circumstances at the hands of DCF too!

Major Updates in Justina Pelletier Case: Lawmakers Get Involved, Teen Will Not Be Transferred to Foster Care

<http://www.theblaze.com/stories/2014/02/26/major-updates-in-justina-pelletier-case-lawmakers-get-involved-teen-will-not-be-transferred-to-foster-care/>

DCF Begins to Back Away From its Abuse of the Pelletier Family

Now under legal pressure and the scrutiny of the media and the public, which DCF wanted to avoid, DCF has agreed to

- (1) drop the contempt motion against the father for speaking to the media,
- (2) not oppose the motion Liberty Counsel prepared to remove the gag order
- (3) provide medical treatment to Justina by transferring her to Tufts Medical Center. DCF also wants to transfer its involvement to DCF in Connecticut, where the family lives.

Do you wonder why Obama is determined to build section 8 houses creating MORE DEBT?

While Obama decimates the military, we, the American taxpayers, are forced to support these hostile invaders in the homeland.

We have been importing jihadists for years now with Muslim immigration programs under the Refugee Resettlement program, diversity visas and religious visas. The Refugee Council USA says: "The U.S. has historically maintained a policy of admitting refugees of special humanitarian concern into the country." Yet what that means in practice is very different from what most Americans would expect. It's always a shock to people when they first find out how Refugee Resettlement works. Instead of giving refuge to the religious minorities that are persecuted, oppressed and subjugated under the Shariah, we are opening the floodgates to Islamic supremacists and jihadists.

The Truth about Immigration—If you live in Michigan you can now Press 3 for Arabic for assistance for welfare

Please note: I called the number myself provided below and the only choice they ask you for is for English. However, if you press #2 you get Spanish and if you press #3 you get Arabic. Also, when you access this web

site, click on the FORMS AND PUBLICATIONS button - those forms in Arabic are listed as ending in AR!! Here is just one example:

Here is the email I was sent...

Subject: Fwd: Story from Michigan

I am sorry to say this is my home state. It is true, I called the number an #3 is Arabic!

This is from a fellow who lives and works in Dearborn, Michigan. You Can't work in the school system front offices if you don't speak Arabic now and need to know many dialects as some Arabs can't understand others Arabic language.

Everybody goes back to the homeland for months and expects to get passed on to the next grade. It's crazy as I am at ground zero on this kids (assuming girls, can't tell for sure) roaming the hallways in full blown burkas, kids attending classes that can't speak or understand English.

All school monies are being moved from the English end of town (Irish, Polish, Italian etc. etc. kids) to the east end (95% Arabic) in the attempt to prop up the poorly performing schools .

6th graders are reading at a 3rd grade level , forget math and sciences but everybody gets free breakfasts and lunches, after being dropped off in Land Rovers, and the car of choice here Mercedes or Escalade.

It is very common to have 3 families live in 1 house. all garages are being converted into living spaces complete with stoves (against all codes) and the city council can't find the nerve to enforce the safety regulations cars end up parked all over the streets affecting snow plowing, garbage pick up, ambulance runs

If this doesn't scare you, you haven't been watching what has happened to our country in recent years.

I bet you can't guess what this is!

Well, it's part of the instructions for how to apply for food stamps in the great state of Michigan in Arabic !!

Read on:

I actually called the Michigan dept. of Human Services to check this out and it is true. Have we gone completely nuts!!

Muslim men are allowed to have as many as 4 wives. Many Muslims have immigrated into the U.S. and brought their 2-3-or 4 wives with them, but the U.S. does not allow plural marriages, so the man lists one wife as his, and signs the other 2 or 3 up as extended family on welfare and other free Government programs!

Michigan has the highest population of Muslims in the United States. When President Obama took office the United States paid several millions of dollars to have a large number of Palestinians , (All Muslim), immigrated here from Palestine . Why? We don't pay for other persons to immigrate here, and I'm sure that some of those Muslims moved into Michigan with the large current number of Muslims already established there.

So now in Michigan when you call the Public Assistance office you are told to Press 1 for English and they do NOT say to select any other number for Spanish or Arabic. However if you Press 2 you will get Spanish, and if you Press 3 you will get Arabic! CHECK IT OUT YOURSELF - Here is the number 1-888-678-8914.

Every time you add a new language to an American program it requires an additional number of persons fluent in that language to process those persons who refuse to learn English in order to live here at an additional cost to the taxpayer! Why are we even allowing persons to immigrate here who cannot provide for themselves, and putting them in our welfare system?

Press 3 for Arabic.

This is quite alarming!!! This seems to have happened clandestinely , for, as far as I know, no public announcement or opportunity to vote on this was offered to the American people. They're just adopting an official stance, and very likely using tax-payer money for it, in various capacities, without public knowledge or approval.

The following link takes you into the State of Michigan Public Assistance page, (as in Food Stamps etc). You won't have to scroll far before you see the assistance-letters options for ... (get this) ... English, Spanish, and ARABIC!!!

When did the ARABIC option sneak into our culture? Will we soon have to listen to our governmental offices, stores, and other venues offer us the option of "pressing 3 for ARABIC?"

Check it out for yourself.

http://www.michigan.gov/dhs/0,1607,7-124-5453_5527---,00.html

Please inform every red-blooded American you know, that this is happening. It is outrageous! The camel's nose is literally now OFFICIALLY under the tent!

YOUR TAX DOLLARS AT WORK ! But congress would rather cut the military.

Thank you Obama. You promised change and you've certainly kept your word !!

Florida has 6 radical Islamic schools THAT FLORIDIANS PAY FOR. So keep those reengineering HUD grants coming and this is what your neighborhood will look like soon.

The SHIELD Act (Secure High-voltage Infrastructure for Electricity from Lethal Damage Act) HR 2417

Read about HR 2417

<http://www.shieldact.com/about-the-shield-act/>

Is your state protected?

Which is more important bike paths and walk ways forced on us by central planners or protecting our electric grid?

(Secure High-voltage Infrastructure for Electricity from Lethal Damage Act)

The summary below was written by Congressman Trent Franks.

Why we need it:

In 2008, the bipartisan Electromagnetic Pulse Commission testified before Congress that: Contemporary U.S. society is not structured, nor does it have the means, to provide for the needs of nearly 300 million Americans without electricity;

- The current strategy for recovery from a failure of the electric grid leaves us ill-prepared to respond effectively to a manmade or naturally occurring EMP event that would potentially result in damage to vast numbers of components nearly simultaneously over an unprecedented geographic scale;
- Should the electrical power system be lost for any substantial period of time the consequences are likely to be catastrophic to society, including potential casualties in excess of 60% of the population, according to the Chairman of the EMP Commission;
- Negative impacts on the electric infrastructure are potentially catastrophic in an EMP event unless practical steps are taken to provide protection for critical elements of the electric system; Finally, most experts predict the occurrence of severe geomagnetic storms is inevitable, it is only a matter of when.

Focus on the Family highlights how we should pray for the persecuted Church

If we're honest with ourselves, far too often we take our blessings for granted. Americans in general enjoy freedoms that most of the world cannot even comprehend. And while we see criticism of the Christian faith increasing in our culture, we as believers still have the liberty to openly worship as we see fit and express our

beliefs publicly. That basic freedom is something that many of our Christian brothers and sisters across the planet can only dream about. Please access the following link to learn more about how we should pray for our persecuted sisters and brothers in Christ.

<http://www.risingvoice.com/format/thoughts/how-should-we-pray-for-the-persecuted-church/>

We know that the early Christians faced intense persecution for the sake of the Gospel; history tells us that *all* of the Apostles, except John, were martyred (and even he was tortured repeatedly). But some of us may tend to separate those accounts from our "present reality," and forget that persecution still runs rampant around the globe. In fact, Evangelical monitoring groups report that more Christians have been killed for their faith worldwide in the past 100 years than were martyred in the previous 19 centuries *combined*.

We need to pray for persecuted believers. It's important to educate ourselves about global persecution of Christians, and use our freedom to raise our voices on behalf of the victims and survivors. "So then, as we have opportunity, let us do good to everyone, and especially to those who are of the household of faith" (Galatians 6:10).

Arizona's Religious Freedom Restoration Act in the eye of the perfect storm...

When Jan Brewer flew back from Washington yesterday, the Arizona Governor had plenty to think about during the four-hour trip. Even 1,900 miles away in D.C., the Governor had a difficult time avoiding the

questions about Arizona's bitter debate over religious liberty. Now, with just two days to make a decision, the spotlight is squarely on Brewer in the biggest political hornets' nest to hit her state since immigration reform.

The bill at the heart of the storm, an improvement to the state's existing Religious Freedom Restoration Act, got the green light from the Arizona legislature earlier this month -- only to be besieged by a massive misinformation campaign by the Left. In a matter of days, a measure that should have been a political no-brainer has become public enemy number one, thanks to a perfect storm of distortion from national liberal groups. In the process, the facts about the legislation -- which is that it would actually give homosexuals more protection than they had under the current law -- have been drowned out by the [chorus of lies](#) from people who have either chosen to ignore the plain language of the bill or refused to read it altogether.

On Religious Liberty, Arizona Gets it Right and NY Times Gets it Wrong Again

<http://blog.heritage.org/2014/02/25/religious-liberty-arizona-gets-right-ny-times-gets-wrong/print/>

As a result, everyone from the NFL, Marriott, and Apple to Senator John McCain (R-Ariz.) and Rep. Jeff Flake (R-Ariz.) have ganged up on Brewer out of blind opposition and demanded that she prove her "tolerance" by vetoing SB 1062.

So if the bill would actually provide greater protections for homosexuals, why are conservatives so eager to see Arizona's RFRA amended? Good question. Under the amended RFRA, what was legislative intent (but ignored by certain courts) will be clear: individuals do not have to trade their religious freedom for entrance into public commerce. In other words, whether it's a wedding vendor, whose orthodox Christian faith will not allow her to affirm same-sex "marriage," or a business like Hobby Lobby or Conestoga Wood, whose faith bars them from providing drugs that have the potential to end a pregnancy, the provisions of RFRA would apply.

Although the implications of the bill go [well beyond marriage](#), we shouldn't be surprised that the homosexual activists have seized on that narrow reading of the measure to gin up outrage about the bill -- going so far as to say that it could be used as a weapon of religious intolerance for people who don't want to serve homosexuals in any capacity.

Fiedorek: Setting the record straight on SB 1062

http://m.eastvalleytribune.com/columns/east_valley_voices/article_3e3237be-9e66-11e3-bcce-0019bb2963f4.html?mode=jqm

But, as Alliance Defending Freedom's Joseph LaRue explains, "Twenty-eight states have RFRA or similar protection in their states. In none of these places has any person been denied service at a lunch counter, hotel or anywhere else and asserted RFRA as a defense. RFRA is about making sure people of faith aren't second-class citizens because the government passes laws willy-nilly infringing on religious freedom."

Unfortunately, the bill's critics have so twisted the debate that 11 law professors from both parties [fired off a letter](#) to Governor Brewer urging her not to be swayed by the "egregious misrepresentations" of SB 1062's critics.

[http://www.azpolicy.org/media-uploads/pdfs/Letter to Gov Brewer re Arizona RFRA.pdf](http://www.azpolicy.org/media-uploads/pdfs/Letter%20to%20Gov%20Brewer%20re%20Arizona%20RFRA.pdf)

The signers, who hail from some of the most prestigious law schools in America, are Republicans and Democrats, religious and nonreligious -- and they all agree that "SB 1062 does not say that businesses can discriminate for religious reasons." Such a standard, they write, "makes sense" and "we should not punish people for practicing their religions unless we have a very good reason." Other professors, like the University of

Illinois Law School's Robin Fretwell Wilson, are also jumping into the fray to fight the Left's propaganda. "Marriage is not like a hamburger or a taxi ride," Wilson [points out](#), "it's a deeply intimate service that is religiously infused. This is one of the places where the law can temper bad impulses. We don't want to run religious people out of the public square, nor do we want to drive lesbians and gays out of society."

In a society where "tolerance" seems to be a one-way street, SB 1062 walks the fine line of freedom. And while both sides hardly see eye to eye, they can certainly agree that this is a turning point in the debate for religious freedom. A turning point, we pray, that Jan Brewer gets right.

Family Research Prayer Targets

**Prayer Targets: Whitefield; Movie; Religious Liberty; IRS; Obamacare; Prison, Colleges, Israel
February 26, 2014**

Repent ye therefore, and be converted, that your sins may be blotted out, when the times of refreshing shall come from the presence of the Lord... Acts 3:19

Dear Praying Friends,

George Whitefield (1714-1770) was a pivotal leader in the Great Awakening in America and Great Britain. From a working-class home, Whitefield traded work for tuition at Oxford University, doing menial labor for the school and fellow students. He found Christ at Oxford and became a founder of the Methodist movement along with John Wesley. The two were life-long friends despite major theological differences. Whitefield graduated in 1736 and left for America to preach in 1738. His journals reveal a consecrated young man with an amazingly mature Christian temperament. Detained for two weeks in Gibraltar, he used the time to preach. From his journal:

Had near, if not more than, a hundred at morning exposition; and it being the last day of my sojourning at Gibraltar, many came to me weeping, telling me what God had done for their souls, desiring my prayers, and promising theirs in return. Others both gave and sent me tokens of their love, as cake, figs, wine, eggs, and other necessaries for my voyage, and seemed to want words to express their affection. The good Lord note their kindnesses in his book and reward them a thousand fold!

About twelve, went to church according to appointment, and made a farewell exhortation as God gave me utterance, to a great number of weeping soldiers, women, etc. After which, we kneeled down, and having recommended each other to care of God, I left them, and went and took my leave of the two generals; visited the confined prisoner; dined at a gentlewoman's house of the town; left near fifty letters to be sent to England; and, about four, went on board, accompanied to the seaside with near two hundred soldiers, women, officers, etc., who sorrowed at my departure, and wished me good luck in the Name of the Lord. Surely I may now expect greater success abroad, having such an addition of intercessors in my behalf. O Lord put their tears into Thy bottle, and let their cry come unto Thee!

Sampson's riddle has been fulfilled at Gibraltar. "Out of the eater came forth meat; out of the strong came forth sweetness." Who more unlikely to be wrought upon than soldiers? And yet, amongst any set of people, I have not been where God has made his power more to be known... This is the Lord's doing and it is marvelous in our eyes. May he give a blessing to the books disbursed amongst them, and perfect the good work begun in their hearts, till the day of our Lord Jesus! May they be my joy and crown of rejoicing at the last day, and may God's mercies to me in every place make me more humble, more zealous, more thankful, and more steady to do or suffer whatever my dear Redeemer have allotted for me ([George Whitefield's Journals](#), March 6, 1738).

In two weeks, God mightily moved upon the soldiers and townspeople who came to hear Whitefield (apparently mostly women) at Gibraltar. They wept like the Ephesian elders who said their last goodbyes to the Apostle Paul at Miletus (Acts 20:17ff). Whitefield's listeners pledged to pray for his ministry in America. He blessed them in response, and he firmly expected "greater success" because of their prayers. Many American pastors rejected Whitefield, fearful of the emotion they heard took place in his meetings. Their rejection drove him to the streets and fields, where crowds of 25,000 would gather to hear the message of Jesus Christ. In Philadelphia, Benjamin Franklin refused to believe Whitefield's voice could carry far enough to reach such crowds until he heard for himself (more next week). Whitefield was just 26 years old when God brought him to America. As at Gibraltar, may God hear our prayers and raise up leaders to usher in another Great Awakening! We must persevere, stand in the gap, and battle the evil in our land without fainting, until the tide of revival changes our hearts and the hearts of our countrymen.

Son of God: The Movie - What will God use in 2014 to stir Awakening in America? The young George Whitefield, before he was born-again at Oxford, studied plays and played roles in student productions. Later, he became known for his highly dramatic preaching. In a whirlwind national tour of media interviews, Producers Mark Burnett and Roma Downey (*Touched by an Angel*) have called their movie a "love story" for an "underserved" audience. The movie, which will premiere nationwide Friday night, will answer the hunger so many Americans have expressed for family-friendly movies, but the goal of the producers is to win people to Christ. *The Jesus Film* (1979), based upon the book of Luke, has been used by Campus Crusade for Christ ([CRU](#)), to win millions of people for Christ. CRU missionaries have taken the movie to cities and villages worldwide, many previously unreached by the gospel. Perhaps *Son of God* will grip a generation yet unreached here at home and be similarly used around the world (see [Son of God Website & Trailer](#), [Christian Post](#), [Tony Perkins on Hannity](#); [The Jesus Film](#), [Whitefield as Actor](#)).

- ***May Son of God be used by the Holy Spirit directly and as a tool by those who know Him, to lead millions of souls to a saving knowledge of Jesus. May this movie cause people everywhere, like George Whitefield's preaching did, to talk about Jesus in the public square and to be a catalyst to genuine Awakening! (Mt 24:14; Mk 4:33-34; Jn 1:1-14; Acts 1:8; 3:19; Rom 10:9-15; 2 Cor 11:3; 2 Tim 4:2-5; 1 Pet 1:18-25)***

25 Pro-Marriage States Now Under Legal Assault - The ACLU, HRC, other pro-homosexual rights groups and U.S. Attorney General Eric Holder have mounted a full-scale legal and public relations war on natural marriage. According to FRC experts, of the 33 states that have laws or constitutional amendments upholding traditional marriage, 25 states currently have litigation challenging them. Pro-homosexual activists are also engaging in lobbying and legal action to force Christian businesspeople to provide services to homosexual "marriage" celebrations against their religious conscience (e.g., photographers, bakers, florists, marriage venue landlords). They have prevailed in some places, even at the state Supreme Court level. Six state attorneys general have unilaterally declared they will not enforce their state's marriage laws. Newly elected Virginia AG Mark Herring has joined a lawsuit challenging his own state's marriage amendment, ratified by 57% of the voters.

U.S. Attorney General Eric Holder, speaking at a Governors Association meeting this week, encouraged state attorneys general to defy their oath of office and disregard their states' laws regarding marriage, "if they don't agree with them." Lawlessness among elected officials and judges is near critical mass. In Arizona, a full scale assault by pro-homosexual activists is underway against the Arizona Religious Freedom Restoration Act (SB 1062), a state law similar to the federal law. Current legislation would amend the 1999 Arizona law to clarify that businesses can assert a legal defense against religious discrimination. Homosexual activists are demanding that Gov. Jan Brewer veto the law, saying it gives Christian businesses the right to discriminate (e.g., deny a gay customer an ice cream cone), likening it to "Jim Crow" laws. Experts say, not so (see [Holder: Ignore the Law, Follow Me](#); [AZ Religious Liberty Bill](#), [Liberal Journalists to Christians: How You Should Think & Behave](#); videos: [ADF v. Pro-Gay Attorneys on AZ](#); [Tony Perkins on AZ RFRA](#); [FRC's Cathy Ruse on AZ RFRA](#))

- ***Lord, intervene to prevent evil from overcoming what you have forever declared to be good! Help the U.S. Senate to pass the State Marriage Defense Act (S. 2024) to protect each state's right to define marriage as the union of one man and one woman and prevent the federal government from undermining a state's definition of marriage (Ex 18:21; 2 Sam 23:3; Ps 2:10-12; Is 10:1; 64:1-4; Mt 19:4-6; Rom 12:21; 2 Pet 2:1).***

Much more prayer is needed! Electorally vulnerable Senators want the [IRS to continue its crackdown on conservative groups](#); [liberal activist groups don't](#). Obamacare is not only hurting private employers and employees, but [public employees, too](#). Our State Department's feeble efforts have made little headway toward Christian missionary John Short's [release from prison](#) in North Korea and American Pastor Saeed Abedini's release from prison in Iran. May God's people continue to call upon our government to act, and hold our imprisoned brothers constantly before God's throne in our prayers. While churches and student groups observe the [Collegiate Day of Prayer](#) tomorrow, February 27th, anti-Israeli groups are protesting on campuses as part of "[Israeli Apartheid Week](#)." God's Not Dead - Releasing In Theaters Nationwide March 21

As a parent, we all worry about how our children's faith will fare once they leave the nest. Will they stand strong when their faith is challenged, or like so many studies have found, lose grip of their once-strong faith and leave the church?

The exciting new film **God's Not Dead** (releasing nationwide March 21) follows college freshman and devout Christian Josh Wheaton as he defends his faith and proves the existence of God to his unbelieving philosophy professor. Taking a look at the anti-theism agenda promoted in our schools and universities, **God's Not Dead** inspires people to stand up for their faith and share the Gospel.

An important and timely message for our culture, OneMillionMoms is excited about this film and the encouragement it will provide to all Christians, but especially the example it sets for our students and children.

FLORIDA FAMILY ACTION SEEKS TO INTERVENE IN MIAMI LAWSUIT WHERE SAME SEX COUPLES ATTEMPT TO OVERTURN MARRIAGE PROTECTION AMENDMENT IN FLORIDA CONSTITUTION

February 25, 2014
FOR IMMEDIATE RELEASE

MIAMI, Florida - Florida Family Action along with a diverse coalition of citizen groups crossing racial, political, and religious lines, today filed a Motion to Intervene in *Pareto v. Ruvin*, the lawsuit initiated by homosexual activists seeking to declare Florida's marriage laws unconstitutional.

https://www.liberty.edu/media/9980/attachments/Motion_Intervene_FL_Marriage_022514.pdf

Liberty Counsel, founded and led by Mat and Anita Staver, is one of the premier First Amendment constitutional advocacy groups in the country are representing the parties seeking to intervene. Florida Family Action is a cultural action organization with thousands of members across the state, devoted to preserving and protecting the institution of marriage.

Florida Family Action lead the campaign in 2008, when 62 percent of Floridians voted to pass Amendment 2, amending their state constitution to reaffirm the definition of marriage as the union of one man and one woman. Amendment 2 was the first constitutional amendment to clear the heightened 60% threshold for voter approval, thanks to the largest grassroots effort on any ballot issue in Florida's history.

Having lost in the marketplace of ideas, and having failed to convince the public to adopt their radical version of "marriage," homosexual activists have now filed suit, asking Miami judge Sarah Zabel to throw out the votes of 8 million Floridians, and to judicially impose homosexual marriage upon all Floridians.

In addition to Florida Family Action, Liberty Counsel represents two other umbrella civil rights organizations who are seeking to intervene to protect both marriage and the voting rights of all Floridians. PEOPLE UNITED TO LEAD THE STRUGGLE FOR EQUALITY is a civil rights umbrella organization consisting of 35 civic groups and representing thousands of African-Americans and other minorities. FLORIDA DEMOCRATIC LEAGUE is one of the leading Hispanic-led human rights organizations in Florida, with thousands of members throughout the state, many of which are registered Democrats. Each of these organizations was instrumental to the passage of Amendment 2, and all are uniting to defend natural, man-woman marriage, and to the right of every Floridian to have his or her vote counted.

John Stemberger, President of Florida Family Action, previously stated after the lawsuit was originally filed that, "The six same-sex plaintiff couples in this lawsuit appear to be very sincere and are

certainly free to self-define themselves and have private civil commitment ceremonies. But they, and the activists who motivated them to file this suit, are not free to redefine a fundamental human institution which has served civilization since the beginning of time.

According to Mathew Staver, Founder and Chairman of Liberty Counsel, "This lawsuit threatens to disenfranchise millions of Floridians who voted to affirm natural marriage, and to supplant the clearly expressed will of a super majority of Florida's voters with the radical vision of homosexual activists who cannot win at the ballot box," added Horatio Mihet, Liberty Counsel's Senior Litigation Counsel. "We are committed to provide a vigorous defense for marriage and voting rights," concluded both.

Florida Family Policy Council strategic "Pro-Family Lobbying Days at the Capitol" next month on March 17-18 in Tallahassee

Can you join us? If not, will you help us with a gift to help pay for pastors to attend? Please access the following link:

http://www.sagepayments.net/eftcart/forms/donate.asp?M_id=713439159797

There is nothing more powerful in the process of lawmaking then for a citizen to drive all the way to Tallahassee and sit face to face with the legislators from their district and personally talk with them about the bills that they want to see pass and the bills they want to see fail.

Well actually there IS *one thing* more powerful...

The pastor of a church who can say, "My 500 member church is located in your district and I came all the way up here to talk about the issues we are concerned about as citizens..."

This is precisely why the Florida Family Policy Council is organizing the strategic "Pro-Family Lobbying Days at the Capitol" next month on March 17-18 in Tallahassee. We would love for you to join us, and we would like to offer to waive the registration fee for any pastor in Florida who attends this important event.

Will you do one of two things right now?

1. Would you consider attending this event personally?
OR
2. If you cannot go, would you give your best gift to help pay for pastors to come to Tallahassee to talk to legislators?

Some of the critical issues lawmakers will be deciding this year which affect Florida's families include:

- Casino Gambling Expansion
- Legalizing Marijuana
- Restricting Abortion after 20 Weeks
- Stopping Common Core
- Major Homosexual Rights Expansions
- Initiatives to Strengthen Marriage

We need to be as strong as ever in our plan to support good bills and to prevent bad bills from becoming law.

We currently have "Area Team Leaders" in nine regions of the state. They are organizing group transportation and hotel arrangements for you to attend and make it more affordable. You are obviously free to drive on your own, or you can take advantage of group transportation being organized from the following cities:

Pensacola- Tom Thompson, Tom.Thompson.fl@gmail.com
Jacksonville- Robin Lumb, 904-613-9970, info@JaxAlliance.org
Orlando- Laura Caruso, 407-346-5512, LauraC@FLfamily.org
Tampa- Brad Avery, Brad@Riverbroadcasting.com
St Pete / Clearwater /Largo- Regina Brown, rlb1216@gmail.com
Spring Hill- Robert Lee, 813-600-9099, rleetennis@verizon.net
Palm Beach- John & Virginia Brooks, pbffcoalition@gmail.com
Fort Lauderdale- Scott Spages, 954-452-3738, scottspages@aol.com
Miami - Marilyn Rivera, marilynrivera5@gmail.com

If you don't see your area of the state within a 30 minute drive, would you consider serving as an Area Team Leader and bring up a group from your church or community? If so, contact us at 407-251-5130 or email info@FLfamily.org to request more information.

Registration for the Pro-Family Days event is online by accessing the link below:

<http://flfamily.org/pro-family-days-at-the-capitol/>

The cost of the hotel room and group transportation will be coordinated by the Area Team Leaders. If you are willing to share the cost of a room with someone, the total cost of attending the event should be somewhere between \$150 and \$185.

The breakdown of this estimate is as follows:

1. (Two-Day Event registration which includes legislative briefing reception/light dinner, Prayer Breakfast, materials and training is only \$50;
2. hotel room estimated cost is \$60-\$90; assuming double occupancy and
3. ground transportation is estimated at \$25-\$50. Depending upon the number of people traveling together.) You will leave Monday morning March 17th and return later Tuesday night March 18th.

Would you help us by either joining us personally or helping to pay for pastors to go?

Please know our humble but committed team will continue fighting as "your voice, for your values", in Tallahassee and beyond, as long as God gives us breath.

Thank you again for standing with us.
Sincerely,

John Stemberger
President

PS: As part of the Pro-Family Days event we are holding an exciting Legislative Prayer Breakfast on Tuesday morning March 18th. Sen. Grimsley and Rep. Perry Continue to Ignore Voters on Florida Term Limits—Let them know how you feel!

Rep. Keith Perry

Sen. Denise Grimsley
(850) 487-5021

Tell them the people have spoken on term limits

Thank you for standing up for Florida's term limits law. We may not have the resources of powerful incumbent politicians, but we have the motivation and work ethic to win this battle.

We saw an overwhelming response to the email I sent you last week. Your calls and volunteer hours went a long way toward letting every Floridian know that term limits are under attack. Unfortunately, the politicians who came up with this scheme have refused to listen.

Rep. Keith Perry (R-Gainesville) and Sen. Denise Grimsley (R-Highlands) are pushing forward with their two anti-term limits bills, HJR 613 and SJR 946. Perry is seeking to lengthen his career in the House by 50% -- to twelve years -- and Grimsley wants to lengthen her overall stay in Tallahassee to 20 consecutive years.

As 79% of Floridians have said in recent polling, this power grab is simply unacceptable. Eight-year term limits protect each citizen's opportunity to serve in state government. Doing away with them would shift power away from the people, and into the hands of lobbyists and professional politicians.

We're only going to stop this if Perry and Grimsley hear us, loud and clear. That's why I'm asking again that you call them, and encourage your friends and family to do the same. Every time you forward this email, we get one step closer to succeeding in this effort.

Nullification and What They're Not Telling You by KrisAnne Hall

I am compelled to share with you a dirty little secret. This secret is one that the government doesn't want you to know, especially your State legislators, that is if you have one like my dear senator Don Gaetz. You see, senators like Don Gaetz will tell you that if you believe in the sovereignty of the States, if you believe that the States bear the right to nullify unconstitutional federal law, well, you should be "shot and hanged".

These legislators will explain to you that nullifications is a "kooky" principle that will only result in a "banana republic" in which States will be allowed to nullify whatever law "they don't like." If you have a legislator like this, be concerned, as his ignorance has just exposed him for who he is; a tyrant at worst, wholly unqualified to serve at best.

States do not choose, as is asserted, to nullify "whatever law they don't like," but only those laws the States find to be unconstitutional assertions of authority by the federal government.

"2nd Amendment Preservation Act" (currently filed as HB 733) has been withdrawn, and that the policy position will not be pursued in the 2014 Regular Session.

[Florida Tenth Amendment Center](#)

We regret to inform everyone we've received the following message from Representative Dane Eagle regarding the withdraw of HB 733:

"We pen this letter with great disappointment, as the purpose is to inform you that the "2nd Amendment Preservation Act" (currently filed as HB 733) has been withdrawn, and that the policy position will not be pursued in the 2014 Regular Session. The reason for this withdrawal is simple: the tactics and methods used by many grassroots supporters of this bill have unfortunately created an air of suspicion within the Capitol, suspicion that some advocates care less about the 2nd Amendment and more about causing divisions among like-minded people. The old adage, "We can disagree, without being disagreeable," comes to mind. We find it timely that Sen. Rand Paul just this week spoke to the issue of language and message regarding support of candidates and issues. The fact is, any chance this bill had for passage in 2014 is no longer realistic. We will no longer allow our names be attached to a bill that has been used as a vehicle to attack and create division

amongst our allies.

Our fellow Republicans in the Legislature, believe, as you do, that the right of self-defense contained within the 2nd Amendment to the U.S. Constitution is an inviolable right, on par with the rights to speech, assembly, and worship contained in the 1st Amendment to the U.S. Constitution. These are inalienable rights granted to mankind by our Creator, and a law of man can neither rightfully abridge them, nor should they attempt to do so.

However, it would be infantile to suggest that this is not a debatable position, and even perhaps a minority opinion, in America today. Right or wrong, there are numerous restrictions on these freedoms, at both the state and federal level. Any assumption that a challenge to this dynamic would be no more complex than the passage of a simple commemorative resolution demonstrates a gross under appreciation of the challenge.

Frankly, changing the current dynamic will require the conversion of our friends and neighbors with sweet words of collegiality, not the rude hammer of coercion by state power. Laws meant to protect our rights are meaningless if the majority of the citizenry care little for their protection. This is the challenge with which we believe the grassroots can most effectively assist.

As a further note, throughout the last several months, as we attempted to craft a bill which would meet your stated policy goals, conflict regularly arose between your supporters and Florida's National Rifle Association and its leader, Ms. Marion Hammer. The fact is, the NRA and Ms. Hammer have been a champion for our 2nd Amendment rights for decades. While they are an independent group and able to provide their own defense, many of the protections we enjoy today in Florida come directly from their efforts. Inasmuch as the Legislature has been the vehicle for those accomplishments, we provide a short list for your consideration below:

- ~ PASSED - Nation's first "shall issue" Right-to-Carry law
- ~ PASSED - Firearms Preemption to Stop Local Gun Control
- ~ PASSED - Right-to-Carry Reciprocity law
- ~ PASSED - Protection Against Expiration of CW Licenses for Active Duty Military
- ~ PASSED - Hunter Protection law
- ~ PASSED - Protection From Shooting Range Closures for Noise/ Nuisance
- ~ PASSED - Protection From Shooting Range Closures by Government Environmental Lawsuits
- ~ PASSED - Gun Manufacturer Lawsuit Protection
- ~ PASSED - Restoration of Castle Doctrine Protection
- ~ PASSED - Stand Your Ground Protection
- ~ PASSED - No-Net-Loss of Hunting Lands
- ~ PASSED - Hunter Voter Registration
- ~ PASSED - Right to Carry in National Forests
- ~ PASSED - Gun Registration Prohibition
- ~ PASSED - No Confiscation of Firearms During State of Emergency
- ~ PASSED - Penalties for Local Governments who violate Gun Rights
- ~ PASSED - Protection Against Doctors Violating Gun Owners Privacy Rights
- ~ PASSED - Numerous Fee Reductions for CW License Holders, etc.

These protections of our rights did not come without considerable effort and their continued upholding will not come without a commitment to our principles; a commitment which we believe the majority of the Florida Legislature shares.

We hope that this message is received in the constructive manner with which it is intended. We look forward to working on this issue in the future.

God Bless You and may God Bless the State of Florida.

Sincerely,

Rep. Dane Eagle

Florida Forever wants \$2billion to steal more land using the fraud of manmade global warming.

Florida Forever already owns 28% of Florida.

Fact: Land kept in private hands gets better care.

Fact: The more land they own the higher your taxes will be.

Fact: Florida Forever is following the Biodiversity map from Agenda 21 with the only purpose to eliminating private property.

How much land should they control for the United Nations?

STOP THE FLORIDA FOREVER LAND GRAB!

The Florida Water and Land Legacy (FWLL) acquired 700,000 signatures to place Amendment 1 on the 2014 Ballot.

Florida Water and Land Legacy lied to Floridians to obtain these signatures and are still lying to get this Amendment passed.

Floridian's are being told this will not raise your taxes, a flat out Lie!

When land is taken off the tax roll, as Conservation land is, taxes are not paid. This is lost revenue to your county, for Hospitals, Schools, Police is made up by you the taxpayer causing your taxes to go up. FWLL already receives money from the Doc Stamp program (your taxes) and Governor Scott is giving them Billions of Dollars from the BP Oil Spill Settlement (instead of you for business loss). The Florida Water and Land Legacy claims they protect our waters, drinking water, and save the animals.

THIS IS NOT THEIR INTENT! This theft of millions acres of land is for Greenways and Trails (which owns 25.62 millions of acres of land now), Blueways, to control all navigable waterways, rivers and streams. Florida Fish and Wildlife Conservation Commission owns over 6 million acres of land, along with all five (5) Water Management Districts in Florida.

This Constitutional Amendment to the Florida Statutes will provide Florida Forever \$19 Billion of your tax dollars, to steal more land using land acquisition and permanent easements, land most of which will be off limits to humans. Florida Forever is the Largest Land Acquisition organization in America. **Florida Forever owns 30%, that's 1/3 of the state of Florida NOW.**

THIS IS A HUGE LAND GRAB. FWLL works with many organizations that are directly or indirectly connected to the UNITED NATIONS. Such as 1000 Friends of Florida (which says this: Imagine " livable Communities " (human settlements) where kids can ride their bikes to school, and parents can walk to the store or take a bus to work), The Nature Conservancy (direct ties to the United Nations and the richest), The Florida Fish and Wildlife Conservation Commission, Fish and Wildlife Foundation, The Sierra Club, The Green Party, The Florida Association of Counties, The National Association of Counties, The Florida League of Cities, The Florida City/County Management Association (both with Chapters of organizations tied to the United Nations), The Land and Trust, The Department of Environmental Protection (DEP), The Greenways and Trails System, Governor Rick Scott's Acquisition and Restoration Council, Florida Forever, and more.

Florida Senators and Reps. are saying: This is way to much land for any government to control. Senator Gaetz, Will Weahterford, Agriculture Commissioner Adam Putnam.

Over Fifty percent (50%) of Florida is under Conservation and Land Management, Florida Leads the Nations in Land Acquisition, Greenways, Blueways, and Conservation. We are losing our Property Rights and Liberty in our State.

REMEMBER, WHOEVER CONTROLS THE LAND AND WATER CONTROLS THE FOOD, WHOEVER CONTROLS THE FOOD CONTROLS THE PEOPLE.

VOTE " NO " ON AMENDMENT 1, ON THE 2014 BALLOT.

In Liberty
Neil Rice, AgEnder

Action/FYI Item #10: **Assistance Needed in the Campaign Isle!**

In my role as state director for the Florida Tea Party Command Center, I will NOT endorse an individual for public office unless I know their character firsthand by having a personal relationship with them. Political candidates will tell your itching ears anything you want to hear in order to get elected!

I personally know Karen Schoen and work closely with her on many different initiatives in the state of Florida. And, she is a person of **demonstrated** integrity and understands exactly what is going on to erode our sovereignty and strip our freedoms, especially in her leadership role as founder of the Agenders group dealing with all the issues pertaining to Agenda21! In addition, she will defend, protect, and uphold our state and US Constitution!

Furthermore, in my role as a ministry leader, because my ministry is NOT tax exempt, I have the FREEDOM to recommend any candidate I know is worthy of our votes! Halleluia! Therefore, in this particular case I am asking you to help Karen Schoen be victorious in her run for public office because I know she is trustworthy and will be a relentless advocate for "We the People" in the state of Florida!

Moreover, **if** we want different results, then we must STOP contributing our money to the Democratic and Republican parties! And, we must BEGIN to contribute our money to only those candidates we know have **demonstrated** integrity and will protect, defend, and uphold our state and US Constitution!

Therefore, Karen needs our help and I respectfully ask that you consider helping her to run for public office by at least making a contribution to her campaign at this time because she needs to raise **\$5000** by March 31st. Thank you.

Please take the time to listen to Karen's heart on this matter in the email below. Thank you.

Doing the Same Thing Over and Over.....

As I travel around the district meeting wonderful people, the message I hear is always the same. I constantly hear: "We are fed up." "No one is listening to us."

As your future Representative my answer is: America is a Representative Republic. Representatives work for you, the people. If you want representation, you MUST participate. When was the last time you participated in a campaign?

When did you call, email or write your Representative? America is in trouble and the sad part is, it is our fault.

We the People have not been paying attention. We have given our power to those who don't listen or care.

Let's Do things Differently This Time...

Let's make 2014 the year of We the People. Go to my web site votekarenschoen.com. You will find I am an American from Florida, period. I tell the truth and I listen. I will represent your voice in Tallahassee.

BUT...yes, here comes the but...I can't do it alone. My winning will give you back your voice. But you must participate and help me get elected.

First, I want to thank all of the wonderful people helping me, but they can't do it alone. I need you to participate as well.

- Can you make calls?
- Get petitions signed?
- Sends emails?
- Do social media?
- Put a sign in your yard?

Lastly, but most important, can you donate? We can have the best message, do the best job, be the most qualified but without money, no one will know. Your generous donation will fund the marketing material needed to carry our message.

That's why we must raise \$5000 by March 31st if we are to show those out-of-touch politicians that our voice matters.

Take Action:

Please access the following link to donate to Karen's campaign.

<https://secure.pirya.com/donate/dwxGkGg5/Karen-Schoen/>

Please help me reach the \$5000 goal by end of March. Show the Tallahassee elite what ordinary grassroots can do when we put our minds to it!

We have a long year ahead of us, and this money bomb is just the beginning. Together we will succeed. Your generous gift of \$5, \$10, \$25... will make that happen. You do not have to live in District 5 to donate. When I vote it will be for all of Florida.

To all of you who have donated already, Thank You!

In Liberty,
KarenSchoen

Together we CAN make a difference for **His Kingdom** and **America!** Blessings until we meet again.
