Prayer/FYI Item #2:

Rewriting America's History

I believe with all my heart, mind, and soul that God's leaders in His Church must deal with the indoctrination of our children in the public school system and said as much with the recent action/prayer/FYI alert I sent to you via my distribution list on Tuesday, September 3, 2013 with the subject line of Action and Prayer Needed "Do Not" dismiss this email for the sake of our children. Moreover, unbeknownst to many of you Glenn Beck unveiled last week how they are rewriting our history with tons of money from George Soros and our tax dollars too in order to rewrite America's history by taking domination of the Arts & Entertainment Mountain. Based on God's Strategic Plan this is one out of seven mountains in our culture the Lord is looking for His people to take back from the hand of the enemy in our nation for His glory and purposes to prevail again!

Glenn Beck Horrified by America's latest propaganda machine!

<http://www.theblaze.com/stories/2013/10/17/glenn-beck-horrified-by-americas-latest-propaganda-machine/>

If you think Common Core is bad, wait until you learn about Imagining America — a group that is already on 90 campuses across America. One of their most concerning goals? To step into history and actively participate in documenting the past from the vantage point of the present to articulate a socially just society!

Is This the Next Common Core?

<http://www.glennbeck.com/2013/10/17/is-this-the-next-common-core/>

While we must continue to fight against Common Core which is being implemented with billions of dollars by those who will never stop their nefarious agenda to indoctrinate and control our children for the kingdom of darkness, God's people can and must get their children out of the public school system now by either homeschooling them or raising up Christian schools in churches all across the nation.

Please take the time to read this article titled "*Our Children Are Not Common*" in which the author shares the truth that Bill Gates who is pumping billions of his dollars has not hidden his intent for Common Core. This article can be read by accessing the following URL:

Action/Prayer/FYI Item #3:

Alternative to Common Core—A Mass Exodus of our children out of the public school system...

Sisters and brothers in Christ there is another solution! Get your children out of the public school systems NOW! We must be willing to sacrifice everything for the sake of our children's spiritual, moral, and ethical wellbeing! There used to be a sign in my son's school gymnasium at his Christian school which says, *"Whoever wants the next generation the most will get them!"*

Parents, pastors, and ministry leaders, we and our children will either serve the kingdom of light or the kingdom of darkness! There is no middle ground. We will either decide to serve and live for God and His kingdom OR we will decide to serve and live for Satan and his kingdom! As such, do NOT believe for one minute that we CANNOT determine the outcome of this spiritual battle we are engaged in for the minds and hearts of ourselves and our children. Therefore, we CAN and MUST take action now for the sake of our children and our grandchildren!

It is for this reason I want to introduce to you an initiative being spearheaded by Christina Michas, Founder of Operation Jericho and Co-Founder: CURE (Citizens United for Responsible Education, a National Coalition) called Operation Jericho. Operation Jericho is a project that is working through CURE to garner the support of pastors and their churches to not only inform parents in their congregation about what our government is forcing our teachers to teach in our public schools, but to also encourage the parents in their congregations to get their children OUT of the Humanistic, anti-Christian government school system. Please see the following URL for more information.

Action/Prayer/FYI Item #4:

It is past time for us to "do" what our U.S. Constitution gives us the right to do via Article V in order to advance our US Sovereignty and States Rights Amendment through state legislatures for a Single Issue Amendment Convention.

During a conference call I held the other night with a coalition of Grassroots and Ministry leaders for the state of Florida, Charles Kacprowicz, National Director, for Citizen Initiatives for Federal Amendment Conventions, shared a lot of insightful and refreshing information to those leaders who know the time has long past for talking about the issues. These leaders know that we must march forward as an organized focused army for the Lord invoking both prayer and action to take back our state and our nation for the Lord's purposes and glory to prevail once again!

Following is Charles Kacprowicz's contact information. Please feel free to contact Charles directly. As God is my witness I know God is using Charles greatly and His hand and favor is on this initiative. Moreover, I love his humble heart! Charles is willing to work with any other individual or group which is attempting to achieve the same mandate so they can pool their expertise together and make this a reality sooner than later.

CITIZEN INITIATIVES
Federal Amendment Conventions
P.O. Box 523 Spruce Pine, NC 28777-0523
828-783-0599 director@federalamendments.us

Also, please take the time to listen to a conference call I was on with Charles concerning his nationwide initiative to protect our sovereignty and states' rights via Article V. In this hour, there are a lot of naysayers offering "bad" reports as to why this initiative concerning Article V is **not** a good idea.

Remember the Twelve spies that were sent out to scout out the Promised Land, and how only two of them came back with a "good" report and the rest came up with myriad reasons why they couldn't take possession of the Promised Land God had already told them was theirs? Therefore, be like Joshua and Caleb and believe God will make a way when there seems to be no way to take the power the Federal government was never intended to have and at least gather the facts before dismissing this initiative!

Therefore, please after listening to the conference call and reviewing all the pertinent data I have provided for your review at least talk with Charles to play the "devil's advocate" before you shoot down what he is proposing. Charles already has everything in place for us to implement this critical initiative. Charles is looking directors, regional directors, and state coordinators for implementing the Article V initiative in every state across America!

VIDEO – THE PROJECT

October 15, 2013 by [The Blaze](#)

In 2001, an inconspicuous manifesto now known as “The Project” was recovered during a raid in Switzerland: A manifesto that turned out to be a Muslim roadmap for infiltrating and defeating the West. Today, files containing evidence from the largest terror financing trial in U.S. history, which include details about “The Project”, are being withheld by the Department of Justice.

<http://www.forbes.com/sites/billfrezza/2013/10/15/the-international-monetary-fund-lays-the-groundwork-for-global-wealth-confiscation/>

Following is an excerpt from Kirk Elliott’s newsletter who is a strategic partner with Save America Foundation and founder of Today’s America at <http://www.todaysamerica.com/>

Signs of things to come—Get Out of the Bond Market Now!

Mark the second week of October 2013 in the annals of history as the week the U.S. Dollar died. President Obama appointed Janet Yellen as the new Federal Reserve Chair to replace Ben Bernanke. She will probably sail through the confirmation process. She said all the right things to make a President happy, and voters a bit excited. **Her stated goal: To do whatever it takes to keep interest rates low and make housing affordable for Americans.** Sounds good right? Sure, except the unintended consequences are complete devastation because of the mechanisms used to achieve this goal. When a central bank prints money without discretion and there is no tangible backing behind the currency (like a gold standard), the currency can lose so much value that the rest of the world no longer wants it. In essence, the Federal Reserve is monetizing the debt (i.e., printing money out of thin air with no backing to

purchase U.S. treasury debt obligation because nobody else wants them). Under Bernanke, the Federal Reserve committed to \$85 BILLION per month in stimulus for these purposes. Under the future Yellen reign, that could be chump change. She is not looking at inflation. She is only looking at keeping interest rates low. This can only work in the short term as the U.S. Dollar will lose so much value under a time of relentless printing that ultimately the ONLY way to stimulate more foreign demand for the U.S. Dollar is to raise interest rates. How else would you attract more foreign investment into the Monopoly money known as the U.S. Dollar? How about jacking up interest rates to 13%, 15%, 20% just like in the early 1980s. That time is coming again. The writing is on the wall. Yellen's mechanism to keep interest rates low will not work in the long run. Never has, and never will.

So, if the President likes this, and it kind of excites the American people, who doesn't like it? THE BOND MARKET!!!! If you hold any bonds GET OUT NOW. JUST DO IT! I believe there will be a window of opportunity NOW to get out, but I also believe that down the road, the bond market may become illiquid as NOBODY wants to hold bonds in a rising interest rate market.

Look at this article. After the Yellen appointment, Fidelity Investments, the largest mutual fund company in America LIQUIDATED 100% of their bond portfolio that matures in October and November. THEY ARE GETTING OUT! Why would they get out? Do they think bonds are going up? Connect the dots!!!! Of course not. They are getting out because they expect a collapsing of the bond market. And, they just didn't trim off 10% to 20% of their holdings in an asset reallocation. **THEY GOT OUT COMPLETELY! I would suggest you all do the same. Call my office and we can chat about where to put those funds. Contact: Dr. Kirk Elliott via email at kirk@kirkelliottphd.com or by phone at (866) 211-8986.**

FYI Item #10

Halloween is fast approaching...use it as an opportunity to spread the gospel to children who don't come to church!

Every Halloween I give the kids the best candy that they love but more importantly I pray over gospel tracks from Chick publication that I order for this holiday dedicated for giving glory to the kingdom of darkness as an opportunity to share the gospel of Jesus Christ with the lost that do not attend church!

Are you still considering whether or not to pass out tracts on the best soul-winning night of the year? Sharing Jesus on Halloween really is so easy! The kids will come to your door -- just drop a tract in their bag with some candy and you're done! God will do the rest!!

Those who have been involved in Satanism tell us that Halloween is a key tool in presenting evil as fun, to break down people's resistance to it. The fun and games teach children that witches are cute. When they are invited as youth to visit a coven or try a ouija board, they won't react in revulsion, but in curiosity. That's where it begins.

Former Satanist, Bill Schnoebelen writes, "Far too many former witches who are now Believers share testimonies of having their innocent little souls cracked open as kids by Halloween activities and the floodgates of hell pouring in! Hear our warning and offer your children some godly alternative to Halloween." What better alternative could there be than giving gospel tracts to other kids at the door?

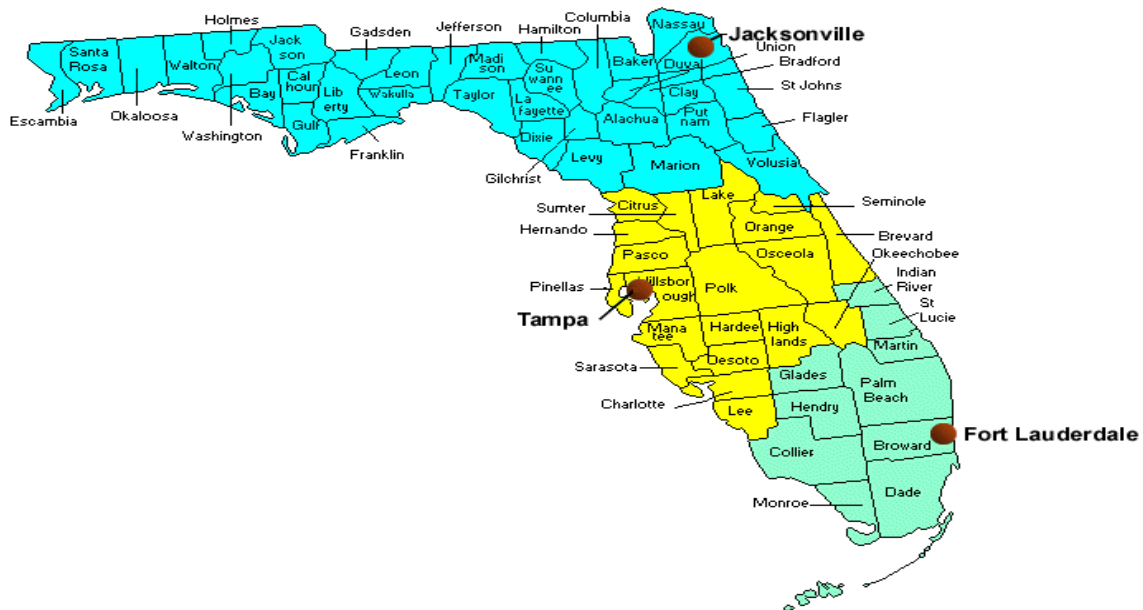

Many of the kids who come to your door will never go to church, read a Bible or ever be witnessed to. Your willingness to hand them a tract might be the only opportunity they have to accept Christ and spend eternity in heaven.

May God bless you and your neighborhoods this Halloween!

To find out how to share the love of Jesus this Halloween, please access the following link:

Expanding the IAA Coalition

The "I Am American.org" team continues to travel all over Florida teaching the grassroots about the Article V process. Mark Levin's book has caused our phones to ring off the hook. Last weekend we were off to South-West Florida to speak before a group of about 50. Currently we have 28 Florida grassroots organizations that have joined the "*I Am American.org*" Article V coalition. Accordingly, Florida should be a slam dunk for the updated Article V / BBA application that Loren and Lou are pursuing. For more information concerning this, please contact Lou Marlin either by phone at (321) 228-2800 or by email at tlou@iamamerican.org
